

Acheson Challenges Russia To Peace Dicker Showdown

Economists Worried As U. S. Unemployment Nears 5 Million Mark

By HAROLD W. WARD
WASHINGTON — (AP) — Government economists showed concern today over how to clamp a lid on unemployment, now inching toward the five million mark.

By 1960, they said, the nation will have to provide jobs for some 70,000,000 workers, instead of the 60,000,000 considered the top goal for the immediate postwar era.

But the increase in the labor force apparently has brought no corresponding rise in job openings in recent months.

Census takers counted 4,700,000 jobs on Feb. 11. Statisticians say the number may pass the 5,000,000 point this year, for the first time since 1941.

Already a dozen areas have been

stricken with unemployment described as equal to that of 1933. While most of these are small, scattered places with special problems, 43 areas are classed as having "substantial" surpluses in manpower — meaning that more than 12 per cent of their workers are walking the streets.

The 12 areas listed as hardest hit are Washington county, Me., Lawrence, Mass., Pottsville and Greentown, Pa., Jasper, Ala., Clinton, Ind.,airo, Crab Orchard and Mount Vernon, Ill., Cheboygan and Muskegon, Mich., and Park City, Utah.

Over the nation, 7.1 per cent of all workers covered by jobless insurance were listed as out of work in mid-February. That compares with the national average of 25 per cent unemployed in the worst year of the depression, 1933.

Another 1,750,000 college and high school graduates are expected to join the labor force this spring and summer. It will be a record influx, representing the biggest wave yet of war veterans whose entrance into the work force was put off for a four-year GI education.

To help relieve the pressure, the federal government is conducting a campaign to encourage private business to make more jobs. President Truman has told Congress that 2,000,000 more jobs in private industry will solve the immediate problem.

Income Taxes Run In Billions

By JERRY KORN
WASHINGTON — (AP) — The federal government juggled several billion dollars in fresh spending money today as late check-laden returns trickled in from taxpayers across the nation.

One commentary on what yesterday's income tax day meant to most people was provided unwittingly by a late-payer who was in the line at the Bureau of Internal Revenue in Washington.

He left behind a laundry bundle, containing several of the shirts off his back.

Nothing that even though billions richer, the government still is in the red. Republicans in Congress grasped at the chance to belabor the Truman administration and its financial policies. Democrats replied with reminiscences of the depression years.

In Detroit, what may have been the day's biggest tax payment—a \$114,373.394 quarterly installment from General Motors Corp.—showed up in the same mail with what certainly was one of the smallest; two cents.

And in a long list of cities the day marked the last chance the government had to catch up with 1943 tax fraud cases involving an estimated \$15,000,000. At midnight last night, the seven-year statute of limitations went into effect, closing the books on any new action against those who evaded taxes during that war year of high profits.

Big Dope Ring Traced To Detroit Chinese Restaurant Operator

DETROIT — (AP) — A Chinese restaurant operator here, federal authorities say, may be the head of a wholesale dope ring reaching into three states.

The Chinese, Harry Lamb, 54, and two alleged accomplices, Tom Lee, 54, and Frank Chin, 38, were held for trial on federal narcotics charges. They were arraigned yesterday in federal court here.

Assistant United States Attorney Vincent Fordell said Lamb was the leader of a ring controlling the traffic of heroin to Chinese in Michigan, Ohio and part of Illinois.

Sex Slayer Of Boy, 6, Committed To Ionia Hospital As Insane

DETROIT — (AP) — Theodore Hillis, 20, confessed sex slayer of a six-year-old boy (Peanuts) Counter, was committed to the Ionia State hospital for the criminally insane.

Recorder's Judge George Murphy ordered the commitment after a second sanity commission found Hillis insane and recommended that he be "permanently removed from society." The first commission held Hillis to be sane.

DYING DOCTOR KEEPS DIARY — Dr. Edward F. Higdon, 75, of St. Joseph, Mo., victim of the rare and so far incurable malady, myasthenia gravis, looks over notes he dictated to his secretary as he keeps a minute case history of all symptoms of his case. Dr. Higdon, a veteran of 51 years of medical practice, hopes that his report may help find a cure for the disease. (NEA Telephoto)

Officers Of Big Mo Get Court Martials

NORFOLK, Va. — (AP) — General courts martial were ordered today for the commanding officer, the operations officers and the navigator of the battleship Missouri as a result of the vessel's grounding in Chesapeake Bay, January 17.

The officers to be tried are Capt. William D. Brown, of Frostproof, Fla., the Big Mo's skipper; Comdr. John R. S. Lett, operations officer, and Lt. Comdr. Frank G. Morris, of New York, navigator.

The courts martial will be convened March 27 at the Norfolk Naval base. The trials will begin at that time, naval spokesmen said, if the defendants are ready to proceed. All proceedings will be open to the public and the press.

The courts martial were ordered by Rear Adm. Allan E. Smith, commander of the cruiser force of the Atlantic fleet, after a review of the proceedings of the naval court of inquiry which investigated the grounding.

Smith's action was announced by Adm. William M. Fechteler, commander-in-chief of the Atlantic fleet.

Dynamite Jolts Detroit Stores

DETROIT — (AP) — A squad of 20 detectives today checked the dynamiting of a chain grocery store that jarred northwest Detroit.

The blast, shortly after 11 p. m. last night, blew out one of the plate glass windows of the Big Bear market, but otherwise caused little damage to the store itself.

Four business firms across the street, however, had their plate glass windows demolished by the force of the explosion. Police said the bomb, apparently of dynamite sticks, had been placed in the vestibule of the market.

No one was in the building at the time of the explosion. Big Bear officials could give no reason for the attack. They had had no labor trouble they said.

Mexican Arrested As Sheriff Slayer At Presidio, Tex.

PRESIDIO, Tex. — (AP) — Jose Villalobos, 24-year-old Mexican National, was arrested today in the slaying of Sheriff O. W. (Blackie) Morrow of Presidio.

Deputy Sheriff Mack Tarwater quoted the man as saying he shot at the sheriff four times when the two had a fight, using the officer's own gun. The slaying occurred early Sunday on a mountain road north of here.

Villalobos was taken into custody 70 miles southwest of here in Mexico. He had cuts and bruises on him caused by going through thorns and brush and his shoes were virtually worn out.

VENICE STRIKE ENDS — Venice, Italy, (AP) — Communist-led general strike which spread from this city of canals to industrial suburbs and nine neighboring provinces ended today after halting normal business for 24 hours.

Fechteler said "the formal charges and specifications to be served upon these officers and upon which they will be tried, will not be made public prior to the convening of the respective courts." The individual officers concerned, however, may release the charges and specifications in their respective cases at their own discretion.

Margarine Tax Repeal Signed

By ERNEST B. VACCARO
KEY WEST, Fla., (AP) — President Truman today signed the bill to repeal the federal tax on oleomargarine.

It was Mr. Truman's first action after his arrival here for a vacation after a sea voyage from Washington.

Charles G. Ross, presidential secretary, said the signing of the bill was done at the "winter White House." The measure was flown here by courier plane from Washington yesterday.

Under the new law all federal taxes on margarine are wiped out. But it does not interfere in any way with taxes or restrictions placed on oleomargarine by any state government.

The law does say that any restaurant selling yellow margarine must sell it in triangular pats, and the restaurant must post a notice saying margarine is sold there.

If it is sold in packages it must not weigh more than one pound, with the package clearly labeled as oleomargarine.

Convicted Girl Spy Judith Coplon Freed On Bail Of \$40,000

NEW YORK — (AP) — Judith Coplon was free in \$40,000 bail today pending appeal of her spy conviction.

But the way was not yet clear for her to return to her family's home in Brooklyn.

The court order fixing bail, under which she was released late yesterday, forbade her to leave the federal southern district of New York, which does not include Brooklyn.

She was reported to have spent the night with friends in Manhattan. Her lawyer was to apply today for permission for her to go to Brooklyn.

Miss Coplon, 28-year-old former department of justice employee, had been in the women's house of detention since March 7.

New Auto Tires Feed \$2,800,000 Blaze

KANSAS CITY — (AP) — A fire fed by thousands of new automobile tires, gutted a four-story rubber company warehouse in north Kansas City yesterday.

Damage was estimated at \$2,800,000.

The fire, although under control, still burned today, more than 15 hours after it started.

The flames destroyed an estimated 80,000 tires and 70,000 tubes stored in the warehouse, used by Goodyear Tire and Rubber company.

Stalin Warned To End Policy Of Aggression

America Gets Tired Of Playing Sucker

BERKELEY, Calif., (AP) — Secretary of State Acheson challenged Russia today to demonstrate her desire for peace by accepting a new seven-point program to free the world from "destructive tensions and anxieties."

Boiled down, the seven steps Acheson proposed call for an end to Russia's aggressive diplomacy, both in her dealings with satellites and with the western world, and for new moves to conclude peace treaties and to find some solution to the problem of atomic controls.

Ready to Negotiate

Bluntly, he predicted Russian refusal of any attempt to settle these points of "greatest difference" between the east and the west.

But he insisted that they "must be identified and sooner or later reconciled if the two systems are to live together, if not with mutual respect, at least in mutual security."

Otherwise, he said, the United States can only continue to resist aggression where it finds it, and to "press ahead with the building of a free world."

"We are always ready to discuss, to negotiate, to agree," Acheson declared, "but we are understandably loath to play the role of international sucker."

Acheson's address — a major statement of American policy said to have taken three months to draft — was prepared for delivery at the University of California, in connection with the conference on international cooperation for world economic development.

Seven Points Listed

Declaring that "we want peace, but not at any price," Acheson said Russia must do several things "which, while leaving much yet to do, would give the world new confidence in the possibility of peaceful change." These are the points he listed:

1. Join with the west in defining peace terms for Germany, Japan and Austria — without trying to make them satellites — meanwhile refraining from any interference with the new states of the Far East.

2. Withdraw military and police forces from the Soviet satellites and "refrain from using the shadow of that force to keep in any way with taxes or restrictions placed on oleomargarine by any state government."

3. Drop the present "policy of obstruction" in the United Nations and help make the U. N. a serious instrument for building international peace and security.

4. Join in seeking "realistic and effective arrangements for the control of atomic weapons and limitation of armaments in general."

5. Stop using Communist party apparatus to overthrow by subversive means "established governments with which the Soviet state of friendship and respect."

6. Quit badgering American diplomatic representatives, who are now being "treated as criminals," and branded as "sinister people" with whom all contact is "pregnant with danger."

7. Stop "systematically distorting to their own peoples the picture of the world outside their borders, and of our country in it."

(Continued on page 16)

U. S. Army Prepares For Poison Warfare

WASHINGTON — (AP) — The U. S. Army fears that poison gas and disease germs may be used against this country in any future war.

Because of this apprehension, the Army is intensifying its offensive and defensive biological and chemical warfare techniques. It is part of what the Army refers to as "classified warfare" — meaning very secret. Still, hints as to the progress being made and the importance attached to the hush-hush subjects crop up publicly now and then.

The Army has just asked Congress for a \$10,000,000 start on a proposed \$21,510,000 chemical corps installation to be built at the isolated Dugway Proving Ground in Utah.

For Camp Detrick, Md., where

Military Secret Program Calls For \$70,000,000

By RUTH B. COWAN
WASHINGTON — (AP) — Requests for about \$70,000,000 worth of highly secret military installations — described by the armed forces as imperatively needed — came under new study on capitol hill today.

Military witnesses have told the House Armed Services committee that these projects should have "high priority." They are part of a \$187,142,000 amendment to the defense department's \$477,974,000 public works bill which the committee previously had under consideration.

In addition, Chairman Vinson (D-Ga.) instructed the Marines to submit two amendments for \$27,476,000, bringing the grand total in requests for public works to \$692,592,000.

The Marine amendments are for \$2,476,000 for living quarters at Quantico, Va., and \$25,000,000 for a depot in the east, probably to be located at Albany, Ga.

All Hush-Hush

The classified (secret) installation requests are very hush-hush but they indicate intensified activity in radar, special weapons, guided missiles, biological and chemical warfare. Considerable attention is given to the defense of Alaska.

The largest single request is by the Navy. The Navy is asking \$23,316,000 to develop Naval facilities, including housing, at a secret location "outside the continental United States."

The Army is requesting authorization for \$8,000,000 to begin construction of a classified installation in the Sixth Army area, which has headquarters in San Francisco, Calif.

No details were given in the brief announcement made public except to say that an additional \$2,500,000 will be required later to complete the installation. The Army described it as "of highest strategic importance."

The Army also proposes to spend \$1,000,000 on a secret installation in the Fifth Army area for which Chicago is the headquarters.

Nash CIO Gets \$100 Pensions

DETROIT — (AP) — A pension plan won by the CIO United Auto Workers from Nash-Kelvinator Corp. without a strike fanned hopes in labor circles here today of an early break in the Chrysler strike.

The UAW-CIO and four smaller unions reached an agreement last night with Nash. It gave the UAW everything the union has been demanding in its 51-day-old walk-out at Chrysler.

Reports from Washington of federal concern over the Chrysler strike also raised hopes here there would be more rapid progress in negotiations to get 89,000 Chrysler employees back on the job.

The Nash plan provides workers \$100 a month pensions, including Social Security benefits, to those retiring at 65 with 25 years of service. New features include payment by Nash of a fixed amount—seven cents—into a fund with the amount not affected by future Social Security fluctuations and no automatic compulsory retirement age. The union has a voice in administering pensions.

The agreement is to run for five years from next July 1.

Slash In Truman Spending Program Studied By House

WASHINGTON — (AP) — The House appropriations committee was tentatively worked out a \$1,200,000,000 cut in President Truman's spending proposals for the 12 months beginning next July 1.

The committee has not formally taken final action, but it was learned a "central committee" has recommended the cut.

The committee is working on an Omnibus bill embracing items for which Mr. Truman asked \$30,326,000,000.

Members of the committee said these have been trimmed to roughly \$29,113,000,000.

Lansing Republican Lawmakers Opposed To Corporation Tax

LANSING, (AP) — As the state legislature got down to the grind of the special session today there was talk of a month's recess and a Republican substitute for Governor Williams' proposed corporation profits tax.

Some senators wanted to recess until early in April to give committees time to consider a flood of bills and to permit the appropriation committees to arrive at their recommendations.

The suggestion was greeted coldly in the House, however, Speaker Victor A. Knox (R-Sault Ste. Marie) commenting, "we ought to wait and see how this thing develops a little before talking of a recess."

The appropriation committees have been meeting since Feb. 13, but have not completed their studies of Williams' proposals for a record budget totaling \$340,578,472.

Senator George N. Higgins (R-Ferndale), chairman of the tax-

ation committee, promised an all-out fight for consideration of his proposal to levy a three per cent tax on the private sale of automobiles.

Cat-Calls Heard

Echoing general Republican opposition to the corporation tax, Higgins pointed out he figured his tax would raise \$15,000,000 annually, almost the amount Williams wants to appropriate from the general fund for highway purposes. Williams' suggestion was for an \$18,680,000 appropriation.

"I can't think of a better way to add to the general fund than by a tax on the sale of used cars," Higgins said.

Used cars sold by dealers are now subject to the sales tax, but private sales have always been exempt.

The legality of Higgins' introduction of the used car tax bill was seriously questioned. Special sessions are limited to consideration of subjects opened by the governor.

Higgins contends that the legislature is legally bound to find the money it appropriates, and that therefore the used car tax can be considered. He said he would submit his proposal to Attorney General Stephen J. Roth and fight the issue through the courts if necessary.

The legislative corridors buzzed with Republican cat-calls and Democratic hosannas when the governor completed his hour-long message at yesterday's opening session.

"I take the same position I did a year ago," said Speaker Knox. "We still haven't seen this deal."

(Continued on page 16)

Truman Takes Off 4 Pounds On Trip; He Couldn't Eat

KEY WEST, FLA. — (AP) — President Truman arrived at this vacation retreat today saying he had a fine trip "but lost four pounds."

Mr. Truman was on the bridge as the presidential yacht, Williamsburg, docked at 7 a. m. He descended to a deck and joked with well-wishers ashore.

"It was a fine trip," he said. "The first night and day were pretty rough, then it was smooth as a mill pond."

"I lost four pounds," he said with a hearty laugh. "I couldn't eat."

Bedridden Wife, 70, Helpless 24 Hours With Husband Dead

PHILADELPHIA, (AP) — A 70-year-old woman, bedridden and unable to summon aid, lay helpless for 24 hours with her husband stretched out dead across the doorway to her room.

Mrs. Adelaide Jacoby screamed for help repeatedly, not knowing for certain whether her husband was dead.

It wasn't until a neighbor called by chance yesterday that the tragedy was finally discovered. The neighbor summoned police who took Mrs. Jacoby's husband, John, 74, to Hahnemann hospital. Doctors said he had been dead for more than 24 hours.

Detective Sgt. Allen Mischell said Mrs. Jacoby had been ill for some time and that her husband had been caring for her. Early Tuesday, he collapsed as he entered her bedroom but she was unable to get out of bed to go to his aid.

Woman Shot Dead In Saginaw Home; Two Men Questioned

Saginaw, Mich. — (AP) — Two men being questioned in the shotgun death of Mrs. Donna Jean LaPan here will be taken to Lansing for a lie detector test today.

The men are Mrs. LaPan's estranged husband Louis, 24 and Miles Jesse, 20.

The 20-year-old woman was found dead in the bedroom of her estranged husband's home Tuesday night, crumpled over a double barreled shotgun.

LaPan told police he was away at the time his wife was shot, having quarreled with her and walked out earlier. Jesse, who appeared at the LaPan home after police arrived, said he had come by to spend the night with LaPan at the latter's invitation.

Mrs. LaPan had been living at the home of her parents in nearby Zillaueke for two weeks but came here Tuesday and called on her husband.

'Hot Tip' Works
EATON, O. — (AP) — John Emerson Ballinger, 32, of Mansfield, a prisoner, went to the office of Probable county officials to give them a "hot tip" yesterday that there was going to be a break at the county jail. Then he proceeded to escape when officials left the room to investigate his "information."

French Accept American Arms To Scare Reds

PARIS — (AP) — France's national assembly today voted to accept American arms for use against the spread of Communism.

With only Communist deputies opposing, the assembly voted 416 to 181 to authorize ratification of the arms aid agreement reached by France and the U. S. Nov. 27.

The measure still must be considered by other parliamentary house, the council of the republic, which has only advisory and delaying powers.

The assembly vote followed a long but unexpectedly quiet debate. There was no repetition of filibusters and violence which the Communists used vainly last week in trying to prevent adoption of an anti-sabotage bill to block Red-led interference with the shipment and unloading of arms cargoes.

Flustered Taxpayer Forgets Names Of His Seven Children

ATLANTA — (AP) — A flustered taxpayer, making his U. S. income returns on the last day deadline yesterday, was the father of seven children.

But he couldn't think of their names to claim exemptions for them. Finally, one of the 68 special agents assisting with the returns let him use his kids' nicknames.

Nor was this father alone in the deadline rush and confusion. Another late-comer wanted to claim his mother-in-law as an exemption, but couldn't remember her name.

FIRE SCARES PRISONERS

DETROIT — (AP) — Prisoners in the ninth floor cell block at Detroit police headquarters were panicked Wednesday night when fire broke out in a janitor's closet. But two patrolmen on duty quickly extinguished the flames.

D. B. McIntyre Runs For Mayor

Antigo Man Worked For C&NW Here

D. B. McIntyre, formerly of Escanaba, is one of six candidates for mayor of Antigo, Wis., in the coming spring election.

Mr. McIntyre is a retired employee of the Chicago and North Western railway. He began as a telegraph operator at Poplar Grove, Ill., in May, 1898. He was promoted to operator in the train dispatcher's office at Chicago on the Wisconsin division the following year. He worked as an operator, train dispatcher and night chief dispatcher until 1913, when he was appointed chief dispatcher.

In 1916, he was made trainmaster at Council Bluffs, Iowa, working there until 1918 when he was appointed to the regional director's office of the Railway Administration as supervisor of transportation.

In 1920, Mr. McIntyre was made transportation inspector for the C&NW system, working from the office of the general superintendent. From 1923 to 1924 he was trainmaster at Kenosha.

In 1924, he was appointed as assistant division superintendent at Escanaba, a position he held until he was transferred as assistant division superintendent at Antigo April 1, 1940. He was promoted to superintendent Nov. 1, 1941, to succeed John Leppla, and retired July 1, 1947.

Since his retirement, Mr. McIntyre has been engaged in the insurance business in Antigo. He also is active in Red Cross work.

Hospital

Miss Diane Hubert, 6, daughter of the Clarence Huberts of 2316 Ludington street, was dismissed yesterday afternoon from St. Francis hospital. For the past two weeks she has been receiving treatment for pneumonia.

Jimmy Berish, four-year-old son of Mr. and Mrs. John Berish of 307 North 19th street, today submitted to surgery at St. Francis hospital for the removal of tonsils and adenoids. He will return to his home tomorrow.

Rapid River On New Dial Phone System March 23

RAPID RIVER—The Michigan Bell Telephone company will cut into operation a newer and larger type dial office for this community at exactly 12:01 a. m., Thursday, March 23, George A. Marcouiller, manager, announced today.

Beginning at that time, Rapid River customers will begin using

Rapid River Mill Will Open Soon

Will Employ 55 Men To Cut Softwood

The Stone Anderson saw mill at Rapid River will begin operations about April 1, and about a million feet of softwood logs will be cut.

About 55 men will be employed in the mill, in addition to several who now are working in the planing mill and the lumber yard.

Enough hemlock and pine logs have been hauled to the mill to last for two months and more is available if market conditions should warrant cutting more than a million feet, Anderson said today.

Last year the Rapid River mill produced about four million feet of lumber and operated from April 1 until mid-September.

Jackson Sentences Eight In Marquette

MARQUETTE, Mich.—Eight defendants were given prison terms by Judge Glenn W. Jackson in circuit court here yesterday.

Toivo Koski, Ishpeming, received the stiffest term, three to four years, for felonious assault. For breaking and entering in the night-time, Edward Coughlin and Raymond Knight, Marquette, were given two to five year terms.

For larceny from a store, Judith Robare, Negaunee, a parolee, was returned to the Detroit house of corrections for a two to four year term. Other sentences were: Louis Brassard, Marquette, one and one-half to two years for drunk and disorderly—third offense; LaVerne Pleaugh, Sands, one to 14 years, forger, and John Quarters, Ishpeming, one to two years, drunk and disorderly—third offense.

In addition, 11 defendants were placed on probation, one was ordered to make 25 monthly payments to the mother of his illegitimate child and another was given a three-month county jail term.

Daniel F. Boyle, 70, Native Of Escanaba, Dies In Iron Mountain

IRON MOUNTAIN — Daniel F. Boyle, 70, a resident of Iron Mountain for the last 30 years and widely known real estate dealer in the community and Upper Peninsula, died yesterday afternoon in General hospital here after an illness of three months.

Boyle, who came here in 1920 from Ironwood, had been active in his business until early in January, when he became ill.

He was born October 6, 1879, in Escanaba.

Surviving are the widow, one son John D. Boyle of Escanaba, one daughter, Mrs. Norman Jansen of Neenah, Wis., two brothers, Dr. Francis M. Boyle, and William J. Boyle of Marinette; and four sisters, Mrs. George E. Doran of Marinette, Mrs. James Mikolasek and Miss Bridget Boyle of Menominee, and Mrs. George Watts of Clarkston, Wash. Five grandchildren also survive.

Funeral services will be held at 11 a. m. Friday in the Buchanan-Villeumier-Tondin funeral home with the Rev. Fr. Pellissier, pastor of Saints Mary and Joseph church. Burial will be at Iron Mountain. Mr. and Mrs. John D. Boyle of Escanaba are in Iron Mountain for the funeral.

Stamp Collectors

The Escanaba Philatelic society will hold a meeting at 3 on Sunday afternoon in the council chambers of the city hall. All stamp collectors of Escanaba and vicinity are invited to attend.

Scout Leaders Meet

Scoutmasters and their assistants, Den Mothers and Scout

commissioners of Red Buck district will meet at 7:30 o'clock tonight at the Nahma school.

Roof Fire

The Escanaba fire department was called to the S. R. Brandt residence at 215 Ogden avenue at 7:35 this morning to extinguish a roof fire. Sparks from the chimney presumably started the fire, which caused damage estimated at \$50. A hole about two feet square was burned in the roof of the two-story frame house. Firemen used chemicals to extinguish flames. The house is owned by D. A. Brackett.

Originally competitors, the radio and the phonograph were first combined into a single instrument about 1925.

Tourist Council Protests Reefing

Does Not Approve Rider In New Bill

The Delta County Tourist council, at a regular meeting held last night, objected to a provision of a new state bill which may allow reefing of gill nets in Delta County waters.

The council passed a resolution registering opposition to the provision and Walter O'Brien, president, has been authorized to send copies of the objection to the governor's aid and to state legislators working on the bill.

The bill to establish trolling areas in Delta County waters and to regulate fishing in this area was introduced yesterday in the state legislature at Lansing by Rep. Einar Erlandsen. Earlier this year members of the tourist council met with commercial fishermen and worked out provisions for regulating fishing here. Most of their proposals are now embodied in the house bill introduced yesterday.

Reefing Now Unlawful
Throughout the state of Michigan, it was reported last night, reefing of gill nets is unlawful. Allowing reefing of them in Delta county would deplete walleyes in these waters, as well as make Delta County an exception to the state laws.

Gill nets are reefed by weighting them to form a sack or "belly" in the water. Fish such as walleye which will "lead" or swim around an upright net, are not able to avoid a reefed net, William Knight explained last night.

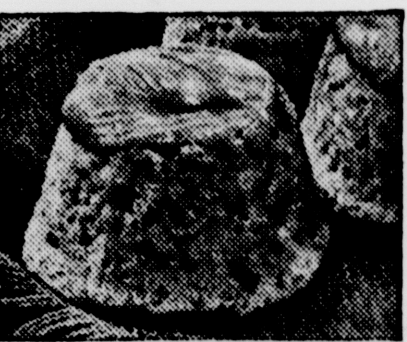

The bill is still under study and some changes may be made, O'Brien pointed out at the meeting. The provision to allow gill net reefing is a "carry over" from a bill introduced at the last session. O'Brien said he had been informed. Tourist council members discussed whether a bill introduced in a special session can be amended. Many felt the provision to allow gill net reefing will defeat the entire bill.

Reports On Show
Jack Eden, secretary of the tourist council, who gave reports on the outdoor show in Chicago, told tourist council members that walleye and trout fishing were the two Delta County attractions in which visitors at the outdoor show were most interested. Thirty three per cent of 1,378 persons who registered at the Delta County booth were interested in summer vacations in this area.

Fifteen per cent of the booth visitors were interested in deer hunting in this area and 10 per cent wanted to come here for duck hunting.

Plans for a dinner meeting at the Sherman Hotel on April 26 were discussed last night. A mailing list compiled at the outdoor show also was considered and plans were made to issue copies to members of the council.

SALTIER OCEANS
The ocean is getting saltier, according to oceanographers. The open Atlantic Ocean, anywhere a few miles off the United States coast, beyond range of dilution by the many rivers, averages about 3.6 per cent salt, a shade more than the average for all oceans.

SWEET UPSIDE-DOWN BRAN MUFFINS

No creaming, no egg-beating—one easy mixing this Kellogg-quick way!
1 cup Kellogg's All-Bran 1 egg
1 cup milk 2 tbsps. soft
1 cup sifted flour 1 1/2 tbsps. melted
2 1/4 tbsps. baking powder 3 tbsps. brown
1/2 tsp. salt sugar
9 cooked prunes or apricots, pitted
1. Soak All-Bran and milk in mixing bowl.
2. Sift together flour, baking powder, salt; add to bran with sugar, eggs, shortening. Stir only to combine.
3. In each greased muffin cup place 1/2 tsp. melted butter, 1 tsp. brown sugar, 1 piece fruit, cut side down.
4. Add dough to fill cups 3/4 full. Bake in mod. hot oven (400° F.) about 25 min. 9 med. muffins.

Eiteman Opens Lecture Series Here On Monday

Wilford J. Eiteman, professor of finance in the school of business administration of the University of Michigan, will open the lecture on "Highlights of Business and Economics in 1950" on Monday evening, March 20.

The lecture, sponsored by the University of Michigan Extension Service, will be held at the Junior high school, beginning at 8. Prof. Eiteman's subject will be: "Owning American Industry."

Other Speakers In Series
Other speakers in the series of six lectures will be: Paul W. McCracken, William Haber, Dr. B. Heideman, D. Maynard Phelps and Charles N. Davison. Information concerning the lecture course may be obtained from Charles Folio, Escanaba, U. P. supervisor of the U. of M. Extension Service.

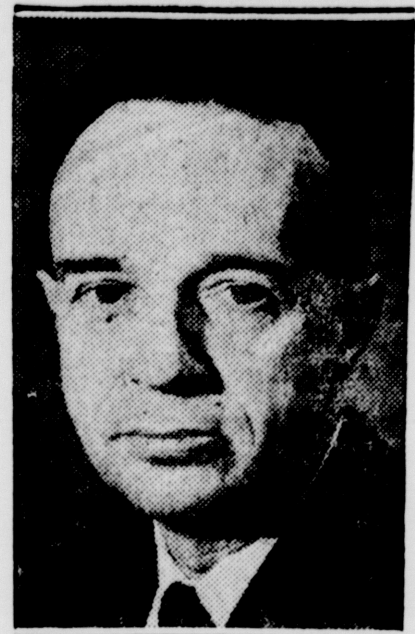

Wilford J. Eiteman was born February 13, 1902 in Rock Island, Ill.

He graduated from the Rock Island high school in 1920, from the Augustana Conservatory of Music in 1921. He received the degree of Bachelor of Music from the Chicago Musical College (in piano and musical theory) in 1922. He then dropped music and began the study of economics and business at Ohio Wesleyan University, from which institution he received his Bachelor of Arts degree in 1926 and his Master of Arts degree in 1928. He received his Doctor of Philosophy degree from Ohio State university in 1931.

Professor Eiteman joined the faculty of the University of Michigan in the fall of 1947. Prior to this time he taught at Ohio Wesleyan university, Miami - Jacobs college, Ohio State university, Albion college, Duke university, and Rutgers university. During the latter part of World War II he served as a civilian instructor in the Army university at Biarritz, France. During the first part of the war he was O. P. A. price executive of Alaska.

Author Of Books
He is joint author of three books: "Stock Market Control," "The Security Markets," and "The Stock Markets," and sole author of three others: "Corporation Finance," "Price Determination," and "Graphic Budgets." In addition, he has written more than thirty magazine articles on subjects ranging from a popular description of the geology of Alaska to technical discussions of certain aspects of banking and finance.

Professor Eiteman's biography is

WILFORD J. EITEMAN

included in "Who's Who in America," "Who's Who in Commerce and Industry," "Who Knows and What," "American Scholars," and "America's Young Men" (1942 ed.).

He married Sylvia F. Chmelik in 1927. They have two children: David (a University of Michigan student) and Dean (a high school student).

Professor Eiteman is a member of the American Economic association, Beta Gamma Sigma, Phi Mu Alpha, and Delta Sigma Pi.

C-C Will Stage Farmers' Day

Free Pancakes Will Be Served At Noon

Farmers' day will be held on a Saturday in April under the sponsorship of the retail merchants committee of the Escanaba Chamber of Commerce.

Tentative plans are to sponsor free movies for children and adults at 10 a. m. Free pancakes will be served by Escanaba business men to visiting farmers at the new Delta Furniture building on Stephenson avenue from 11 a. m. to 3 p. m.

Other program details will be announced later.

The National Geographic Society says there is evidence the Norwegians occupied parts of the Shetland Islands in A.D. 700.

Now She Shops "Cash and Carry"

Without Painful Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

State Needs More Two-Year Colleges

EVIDENCE that Michigan needs more two-year "community colleges," a belief held by many people in the state, has been offered by Dr. Lee M. Thurston, state superintendent of public instruction.

Dr. Thurston recently completed a study of existing college facilities. He reported that the study clearly shows that children of above-normal ability from low-income families may be deprived of a college education if there is no institution of higher learning in their area.

The study shows, Dr. Thurston said, that 80% of above-normal children go to college if the family income exceeds \$3,000, but only 36% receive higher education if the family income is lower.

Dr. Thurston's study indicated that 34% of the 1949 high school graduates went to college when the institution was located in the same city but only 22.8% of the graduates in cities not having these facilities enrolled in college.

Presidents of all public universities and colleges in Michigan agree that a wider distribution of the two-year community colleges is desirable.

"These two-year colleges can better provide certain educational programs for a larger percentage of youth than can attend regular colleges," Dr. Thurston said. "Examples are courses in vocational education for skilled and semi-skilled occupations."

"They will help free the universities and colleges of increasing enrollment in the first two years of college. They will tend to raise the general culture of the community. They will assist in avoiding mass concentration of educational programs which often cause failures, but because of lack of ability on the part of the students, but lack of maturity to stand the psychological pressures."

Dr. Thurston's study shows conclusively that Escanaba is on the right track in the aim to establish a two-year college locally. Impetus to this objective has been given by the generous bequests of the late Mrs. Catherine Bonifas for educational purposes in the community.

Aid To Education Measure Killed

THE house labor committee has killed a proposal for federal aid to education, thereby ending at least temporarily a congressional wrangle that has been going on for months. The narrow margin of the vote, 13-12, indicates that the issue, while it may be dead for this session, is certain to bounce back again in the future.

The measure had already passed the senate. It provided for a federal appropriation of \$300,000,000 to assist schools throughout the nation. The issue was complicated by a separate controversy regarding whether federal funds would be used to permit parochial schools to share in the benefits for such purposes as transportation, school health and non-religious textbooks.

If the \$300,000,000 appropriation proposed in this legislation had been approved, it is a foregone conclusion that it would only be a starter and a comparatively small one, at that. The principle of federal aid to education is the focal point in this fight and once that principle is established, there is virtually no limit to what congress would be asked to provide. Surely, the requests would reach into the billions in a comparatively short time.

The principle of federal aid to education is predicted upon the philosophy so frequently presented these days that Uncle Sam has a bottomless purse, which can be tapped whenever desired to finance everything and anything.

Michigan would be harmed rather than helped if the federal aid to education principle is accepted. Michigan taxpayers would be forced to pay not only the sums divided among the school districts in Michigan by the federal government but also much of the money that would be disbursed in such states as Mississippi, Georgia and the other so-called poor states of the union.

If Michigan cannot solve its own school financing problem on the state level, it is certain that the situation is not going to be helped by forcing Michigan taxpayers to take on the school problem of other states as well.

The principle that federal funds would be appropriated without any effort towards federal control of education is simply erroneous and ridiculous. That might be true for the first year or two, when the federal government's contribution consisted only of a few hundred million but as the federal appropriations increased, as they must assuredly would, the degree of federal control would be proportionate.

Chemical Industry Is Expanding

REMEMBER when we used to hear that the U. S. economy was "mature" and that there weren't any more frontiers of growth?

That kind of talk seems pretty foolish

now. The general business level is far above where it was in the shaky 1930's when the gloomy prophecies were made. More striking still, great new frontiers have opened up that are providing thousands of jobs, hundreds of novel products, a higher standard of living for nearly all.

A good example is the electrical-electronic-atomic field, still almost in its infancy but growing remarkably. Another, already broadly expanded and continuing to swell in size, is the chemical industry.

In its latest issue Fortune magazine surveyed the chemical field. What it found ought to deflate the economic pessimists for a long time.

Back in 1937 the industry's total sales were \$700 million. Today they're well over \$3 billion, not including huge chemical operations associated with other industries like oil. In the last decade the industry's plant capacity has been doubled.

Only seven companies had annual sales of more than \$25 million in 1937. Now 19 chemical firms surpass that mark, and the 1948 volume of one company alone was almost equal to the whole industry's output in that earlier year.

Here's one for people who might have thought industry was losing its inventive spirit: 40 per cent of the sales by bigger chemical companies represent products undeveloped 15 years ago. The large concerns introduce 10 to 25 new products every year.

If you lump together basic chemical plants and related processing industries, you find the combination accounting for at least 20 per cent of the entire national product. By this and other measures, the chemical industry has become the premier enterprise of the nation — surpassing the automobile industry.

With horizons in the chemical field still widening, no expert wants to predict the end of this amazing growth. It stands in conclusive answer to those who felt that the closing of America's geographic frontier spelled doom for its economy.

Other Editorial Comments

MARCH THE FRANKSTER (Christian Science Monitor)

March, most of the time, is a prankster that loves a hearty laugh at someone else's expense. It makes the weatherman look ridiculous by riding blithely in on a lamb when the prediction was quite to the contrary!

This Dr.-Jekyll-and-Mr.-Hyde month takes hilarious delight in snatching the hats of unsuspecting pedestrians and rolling them under automobiles or into mud puddles.

There are, of course, moments of kindness with which March can be associated. For March loosens winter's frigid grip and unlocks icebound brooks. It draws the sweet sap of the maple and swells the lilac buds. It beckons to the songbird and encourages the shy violet.

March, in more serious moods, gave birth to four presidents of the United States—James Madison, Andrew Jackson, John Tyler, and Grover Cleveland—and brought forth three of the world's most noted composers, Johann Strauss, Franz Joseph Haydn, and Johann Sebastian Bach.

Major historical events for which March must receive credit include discovery of the South Pole by Amundsen in 1912, the founding of West Point Military Academy in 1802, the battle between the Monitor and the Merrimack, and the evacuation of Boston by the British in 1776.

But March, like all the other months, has commanded the respect of the poets. Says one:

Slayer of the winter, art thou here again?

O welcome, thou that bring'st the summer night!

March, it is quite obvious, has a split personality!

Any girl who collects antique horsehair chairs can tell you why her great-grandmother wore six petticoats.

A New Jersey man found two pearls in a restaurant oyster—and then probably complained about the check.

Take My Word For It . . . Frank Colby

WHAT'S THE ORIGIN?

There is perhaps no stranger word in English than the word auspicious. We speak of a certain event as being an auspicious occasion, or a play or a program as being under the auspices of this or that organization. Literally the word auspices, from which comes the word auspicious, means "to look at birds."

When we trace the history of the word we find that auspices referred to the members of a religious college in ancient Rome, whose duty it was to observe the heavens and interpret the approval or disapproval of the gods by the movement in flight of the birds. Such a bird observer was called an auspex, and it was the duty of the auspex to take a position on a hill at midnight; after prayer he would ask the gods for a sign, and would wait for an answer. He would then observe the skies for signs of birds, and make various interpretations from the direction of their flight, or their singing, or the manner in which they would feed.

For instance, if the auspex desired to learn whether the gods favored a certain enterprise, he would throw a handful of grain toward a bird, and if the bird, while eating, let a particle of a grain fall from its mouth, this was interpreted to mean that the will of the gods was in favor of the enterprise in question. It was therefore an auspicious enterprise.

Indians: Please explain the term career woman, and give the origin of the word career.—Miss C. H.

Answer: A career woman is one who has elected to engage in a business or profession as her life's work, instead of devoting herself to domestic affairs. The word has a curious origin; it comes into English from the French word *carriere*, which means "highway; racecourse." The French borrowed the word from the Italian *carro*, meaning

Our Freedoms Are Attacked

BY MARQUIS CHILDS

WASHINGTON—In England, in some of the older mines, they still use pit ponies to haul the cars from the mining face where

CHILDS

the men are digging to the shaft where the cars are carried up to the surface. Those ponies stay down below for months or even years, leading a subterranean life that is apparently not too unhealthy.

Visiting one of these older mines some years ago, I was told that when the pit ponies are taken up for a bit of sun and grass, they resist strenuously this radical innovation. Then, after they've had a few hours of freedom and a little sunlight, it takes a half dozen men to subdue each rebel and get it down into the mine again.

That's just about the way I'm feeling at this moment. I sat on the Florida shore for a few days in the brilliant sun. I did practically nothing but watch the breakers roll in, content to wait for that moment of shattering beauty when the wave breaks into crystal and the white shards of foam roll up on the beach.

I can feel the murk of Washington closing in around me and I'm kicking and fighting as we descend the mine shaft. I know that in time I'll be perfectly accustomed against the dim light of this other world. It will probably come to seem the normal thing once more.

Maybe it's because I've had a brief time in another kind of light that the encircling gloom appears to be deeper in hue than even in the immediate past. It hangs like a solid substance over this quarrelsome capital.

TRUMAN TRIES ESCAPE

As though to escape it, the president has gone off to Florida and I hope he gets all possible benefit from his brief excursion out of the mine shaft and into the sun. But he has one handicap, it seems to me, and that is that to a considerable degree he carries his own atmosphere about with him.

One of the remarkable things about the Truman administration is how few new people have come into it. The circle of cronies has remained the same. If anything, it has grown smaller with bolder men such as Clark Griffith dropping out.

The old familiars travel with the president. They are the atmosphere, and an ever narrowing one. In that atmosphere it is increasingly difficult to intrude a new idea or a new viewpoint.

Except for the inadequate and stale speech on Washington's birthday, the president has maintained a determined silence through the controversy on the hydrogen bomb and the mounting war scare that appears to be giving most people a new case of the shakes. Soviet Russia has in the meantime been conducting a powerful peace offensive. We can be sure how little reality there is in that offensive and yet, for millions upon millions who feel dread and insecurity in the face of a new threat, it will have persuasive power. It may persuade the doubting that Russia's protestations on the subject of peace are real and honest.

But an ever deeper shadow, in my opinion, hangs over the intentions of those who seem bent on destroying our freedoms here at home. Whether that is their goal or not, this is likely to be the end result. If enough pieces are chipped away little by little, we shall discover one day that the base itself has been destroyed.

MORE POWER FOR FBI

Representative Howard Smith of Virginia succeeded in tacking onto the National Science Foundation bill an amendment which would give the FBI the authority of a gestapo and destroy a large area of academic freedom and the right of free inquiry. Senator Karl Mundt of South Dakota is pressing hard for the Mundt-Nixon bill, which would put a third straight jacket around an undetermined segment of political freedom.

These men and others like them seem to distrust freedom. They seem to distrust the democratic process itself. They believe as though they were motivated by panic and fear. I'm sure that they believe righteously that they are saving the nation from terrible dangers. But whether they know it or not, the end they are driving toward is a stockade in which just about all the American people would finally be confined.

Among left-wing intellectuals, particularly those who flirted with Communism, it is fashionable to say that all is over and America is already a police state. This is, of course, just as silly as the cries from the panic-stricken who believe that anyone slightly to the left of Louis XIV is a dangerous Communist.

While they've been chipped away somewhat, we still have our freedoms. But I feel very deeply that if we go on taking them so lightly for granted and permitting the chipping process to continue, we shall not have them for long. The great heritage out of the American past can be destroyed by frightened and mistrustful men of small and warped minds. In my opinion, it must be the conscious responsibility of every American citizen today to defend those rights.

"wagon" or "chariot." It's hard to believe that a career woman literally is one of the contestants in a chariot race, but it's true!

Louisville: I have always pronounced the word *risque* as RISS-kee. My wife says I'm wrong. What's the good word?—G. W. B.

Answer: This is a word from the French, and in that language the word does mean hazardous or risky, but in its figurative meaning the word means *correct* on impropriety, or indecency. The correct pronunciation is reess-KAY, or, more frequently, riss-KAY.

For a copy of Mr. Colby's leaflet, C-5, listing the 200 hardest-to-spell words in English, send 5 cents in coin, and a stamped, self-addressed envelope to him, care of Escanaba Daily Press, P. O. Box 99, Station G, New York 19, N. Y.

A Little Smoke In The Air?

Good Evening By Clint Dunathan

THE WEATHER—The cold weather lingers on the doorstep of spring like an unwelcome guest who has worn out his welcome but delays too long in the going.

"It will be late when navigation opens this year, the way it looks now," said Dan Garrett, officer in charge of the U. S. Coast Guard lighthouse station at Escanaba.

He pulled his collar higher about his ears. "The ice on the bay is solid and over two feet thick—and here it is almost the middle of March."

Last year at 2:30 o'clock in the afternoon of March 23 the Coast Guard cutters Woodbine and Sundew broke a path through bay ice to Escanaba harbor, followed by the ore carrier Phil Block.

This year? Well, that is anybody's guess. The U. S. Weather Bureau experts first predicted an early opening, then a late one—and now they just report ice conditions without doing any forecasting on navigation opening.

IT GOT STUCK—Perhaps they are beginning to realize that the weather, like a successful marriage, is made in heaven.

The other day we met Bill Weycker, sr., Delta county court house custodian, on his way to work.

"Say," he said, "why don't you write a story about those fellows up there?"

"Up where?" he asked innocently.

"Up there where they make the weather," Bill grinned. "Somebody up there has got the controls all messed up and can't turn off the cold!"

SLOW IN COMING—Frank Barron, Flat Rock farmer, whose sugar bush is a center of interest for Delta county folks, says the run of sap will be late this spring unless the weather takes a quick change for the warmer.

It was at Frank's place, you may recall, where school children went on tour a year or so ago to watch the "boiling down"—and stayed to taste the sweet candy that forms when the hot syrup is poured on the snow.

And it was maple candy from Frank's kitchen that was sold last year for the benefit of the crippled children. The candy was sold at auction at service club meetings and brought big prices per pound—all for charity, since Frank donated the candy. The total was several hundred dollars.

WHAT WE NEED—What we need are a few more encouraging signs of spring. Robins and geese are fine, except there haven't been enough of them reported to make spring come true. Hugh Fisher, conservation officer at Garden, says he saw three flocks of geese flying north. That was a week ago. By this time they are probably back in Miami or Dallas (they're the icicles out of their tail feathers).

Then the other day William Harvey of 702 Second avenue south, telephoned to report a couple of robins "huddled together" near the corner at St. Joseph's church. They were probably huddled together to keep up their fading strength and to conserve whatever BTU's they might harbor in their small bodies.

BREEDING SEASON—Cold weather or not, the breeding season is at hand for the mink. Not

INTO THE PAST

Ten Years Ago

ESCANABA—Nine Escanaba residents, six from Rock, three from Bark River and one each from Garden and Cornell will make up the 20 citizenship applicants who will appear at the courthouse Monday to file citizen ship papers with Norris Nuss of Sault Ste. Marie.

BARK RIVER—William H. Boyle and Bertil R. Erickson left yesterday for Minneapolis to attend a Federal Reserve bank meeting.

MANISTIQUE—William Sellman has left for Chicago to attend a meeting called by the federal government for discussion of Great Lakes fishing problems. Sellman is president of the Michigan Commercial Fishermen's Protective association.

Twenty Years Ago

ESCANABA—Mr. and Mrs. Eugene Perron have returned from an extended visit in Ottawa, Ontario and Quebec.

ESCANABA—E. R. Kaphusman was elected president of the Peninsula division of the Railway Employees club at a meeting here last night.

BRAMPTON—In the caucus Saturday, the following were nominated: A. J. Voelker, supervisor; A. T. Rossow, clerk; Peter Norstrom, highway commissioner; Charles Berg, overseer; Henry Schaaw, board of review; George Bushman, justice of the peace; John Larson, justice of the peace.

GLADSTONE—The Misses Lucille Russell, Mary Glen Jackson and Elizabeth Kee, students of Ladence college in Appleton, are visiting here at their homes.

The President's directive to the Atomic Energy Commission to proceed with the building of the hydrogen bomb in no way closes the door to an international agreement for the control of the hydrogen bomb, the atomic bomb and other weapons of mass destruction.—Chairman Tom Connally of Senate Foreign Relations Committee.

that such a season is of particular importance to any one except the mink and the mink ranchers, but it just goes to show what habit will do.

Out at the Frank Bender & Sons mink ranch at Danforth the men are digging the cages out of snowdrifts and otherwise preparing for the mating season of the animals. Similar work is going on at other ranches.

Mink also breed in the wild at this season of the year, and the young (usually about five or six per litter) are born in April or May. The mink in captivity remains almost as non-social as he does in the wild and demands solitude except during the mating season.

GOING FAST—In Escanaba the other day were John Paulsen of Naubinway and Dick Hagen of St. Ignace, two commercial fishermen who are fishing out of Fayette this winter. Hagen's snow sled, used on Big Bay de Noc ice earlier in the winter, attracted much attention. It looks like an airplane without wings and is pushed along on runners by an airplane motor and propeller.

At St. Ignace this last weekend Life magazine photographers took pictures of a coyote and fox hunt, with the hunters using snow sleds. The machines are made at St. Ignace and commercial ice fishermen find them useful. In the hunt the coyotes and fox were chased from the woods to bay ice and then pursued by the hunters in snow sleds. One each of the predators was bagged, and the Life magazine photographer was happy.

Law Enforcement

Dear Editor:

The Monday edition of the Daily Press has a typical item of the efficiency of the law enforcement of the Upper Peninsula.

I am referring to the article captioned "HUSBAND FOUND DEAD IN NEGAUNEE HOME." Why was this man's blind and deaf wife taken to the county jail? Is this the only kind of care provided to a blind and deaf widow who has lived several days without food and water?

I happen to know from past experience the care and nourishment a person gets in said dungeons.

Very truly yours,
\$6000.00 Joe.

Trying Times

Dear Editor:

These are the times that try men's souls.

Has the irrevocable choice been made? Must we resign ourselves to a return to the dark ages for the few fortunate (?)—if anyone manage to escape alive after World War III? Or is there still time to change the course of events?

County, city, state and nation have governments, usually quite expensive ones, and quite often inefficient and corrupt, but only a madman would suggest doing without them at our present imperfect shape of evaluation. Yet our national affairs are left completely without control and any irresponsible fool who gains enough backing can start a conflagration that may finish our civilization.

The United World Federalists with head offices at 215 Third Avenue, New York, are making a valiant effort towards world government. If you are interested in survival, get in touch with them and they will tell you how you can help.

E. R. Eden,
504 Third Avenue South.

So They Say

We have been forced to believe, by every action of the Soviet representatives, that they are under instructions to give an outward appearance of co-operation, but under no circumstances actually to co-operate.—Atomic expert Fredrick Osborn, on international Atomic controls.

It looks as though (atomic scientists) . . . have been able to work out for the first time the real reasons why our arteries get less elastic and why coronary thrombosis hits a great many of our older people. Acting Chairman Sumner T. Pike of Atomic Energy Commission.

Undemocratic and alien policies are masquerading in the Pentagon under the high name of unification.—Capt. John Crommelin, jr., USN.

The Kremlin can and is pursuing its course with efficiency and with signs of increasing boldness, using whatever means seem appropriate to it in a given situation.—Secretary of State Dean Acheson.

Lord Beaverbrook (internationally famed British publisher) is the most brilliant, naughtiest gremlin of them all.—Actress Tellulah Bankhead, naming her list of 16 most fascinating males.

The Washington Merry-Go-Round

BY DREW PEARSON

WASHINGTON — With economy the watchdog on Capitol Hill, senators and congressmen might be better off criticizing

PEARSON

the bureaucrats less and paying more attention to how congress itself handles the taxpayers' money. The power to tax and spend rests squarely on congressional shoulders, and by juggling the purse strings congress can control the federal government.

Yet, believe it or not, congress appropriated twenty-nine billions last year without so much as a record vote. In other words, the taxpayers had no way of determining how their representatives voted.

In many cases, the majority of congressmen didn't even show up to vote when expenditures running into millions of dollars were approved. This is clear from the Congressional Record which shows that a quorum wasn't always present to vote on appropriations—though the constitution clearly provides that "a majority (of each house) shall constitute a quorum to do business."

Because this is a careless way to handle the taxpayers' money, conscientious Congressman Dwight Rogers of Florida is urging a resolution to require a rollcall vote on all appropriations. This would help remedy the slipshod method in which some appropriations are handled.

Note — Here are some of the appropriations approved last year without a rollcall vote: \$7,617,739,361 for independent agencies; \$12,949,562,498 for the military establishment; \$3,090,528,903 for the treasury and post office departments; \$2,387,779,885 for the labor department and federal security agency; \$715,601,607 for the agriculture department; \$584,098,797 for the interior department; \$100,000,000 for Palestine refugees.

SOVIET VS. PEARSON

The Soviet-controlled press recently launched a diatribe against yours truly, calling him among other things, "the chained dog of the monopolists of Wall Street."

The attack was published in Ogoniek, the Life magazine of Russia, and, in order to give everyone a break in the popular pastime of throwing bricks at this writer, here are the highlights of what they say in Moscow:

"In his newspaper column," says Ogoniek, "Pearson resorts to complicated sleight-of-hand. He is an acknowledged master of the art of lying and slandering, and other columnists and commentators envy him."

"Pearson's connections are widespread. He doesn't have to hunt for sensations. Ministers, generals, admirals, high-placed government officials and gangsters supply him with sensational rumors, gossip, and, in particular, slanderous fabrications about the Soviet Union. With Pearson's help, dark intrigues are frequently consummated."

"On one occasion Pearson concocted a radio discussion on the question of 'democracy.' As 'experts,' he invited such arch-reactionaries as the then Attorney-General Tom Clark; Clare Boothe Luce (wife of the owner of the reactionary magazines 'Life' and 'Time') and the notorious warmonger James Byrnes (former secretary of state)."

"GANGSTER OF THE PRESS"

"As American newspapers have frequently disclosed, Pearson has powerful friends in the U. S. senate, including Senators O'Mahoney, Bridges and other arch-reactionaries. In the house of representatives, he enjoys the favor of the speaker, Sam Rayburn, and the Republican leader, Joe Martin. Pearson also has ties with the FBI (the American gestapo) . . .

"Pearson frequently comes out with provocative announcements. In the general howl of the warmongers his voice also is heard, the husky voice of the mongrel true to his master, Pearson is an unwavering adherent of the maniacal plans for the establishment of world domination by American monopoly. He has cynically declared that the U. S. has enough atom bombs to throw a few on every one of the countries that are members of the U. N.

"Some time ago the International Organization of Journalists, at the proposal of the Polish delegate, adopted a resolution condemning malicious instigators and propagandists for war. It called upon the National Association of Journalists to expel from their ranks persons blackening themselves with war propaganda, race and national hatreds, misinformation and slander. In this disgraceful list of these journalists appears the name of Pearson, a gangster of the press, the chained dog of the monopolists from Wall Street."

JAPS WATCH DEMOCRACY

Another step in the political re-education of Japan took place without fanfare the other day—9,000 miles from Japan in a Washington committee room. Though no reporters were on hand to

Obituary

MRS. KAREN JACOBSEN
Funeral services for Mrs. Karen Jacobsen were held yesterday afternoon at the Anderson funeral home with the Rev. L. R. Lund officiating. Music of the service included solos by Mrs. Norman Hansen, accompanied by Miss Suzanne Lindstrom.
Pallbearers were Wally and Erling Arntzen, Ralph Petersen, Arthur Westby, Earl Petersen and Jacob Olsen.
Attending the service from away were Thorman Jacobsen of Seattle, Wash.; Taylor Jacobsen of Fullerton, Calif.; Mr. and Mrs. Arthur Jacobsen, Kim and Taylor Jacobsen of Ann Arbor; Mrs. John Nelson, Chicago.
Burial was made in the family lot in Lakeview cemetery.

RUTH ANN GOODMAN JOHN ISAACSON
Double funeral services were held for Ruth Ann Goodman and John Isaacson, uncle and niece, at Bethany Lutheran church yesterday afternoon. The Rev. Gustav Lund conducted the services which were largely attended.
The Sunday School choir of Bethany Lutheran church sang, accompanied by Miss Ruth Glad, and Miss Glad also sang.
Honorary pallbearers, junior members of the Disabled American Veterans, were Marilyn and Lenore McCarthy, Marilyn and Doris Seidl, Patsy Garbitt, Helen Haglund, and Susie and Sharon Adams.
Pallbearers for Ruth Ann Goodman were Edward Johnson, Robert Peterson, Franklin Olson and Edward Dart.
Bearing the casket of Mr. Isaacson were James Kessler, Vernon Svendsen, Joseph Grenier, Carl L. Johnson, Paul Kangas and Alphonse Sendenbergh.
Attending the service from out of the city were Mr. and Mrs. Hugo Gustafson of Thompson, Mrs. Jack Maki and Gunnard Mattson of Munising, Henrietta Olson and Barbara Brassick of Gladstone.
Burial was in the family lot at Lakeview cemetery.

One of the newest words is "radiothermics", defined as the "application of heat generated by radio waves", such as is used in molding plastics.

Trenary And Eben Seniors Plan Trip To Chicago April 27

A trip to Chicago on April 27 and 28 has been planned by the senior classes of Trenary and Eben high schools. Plans for the trip were made by the two groups at a meeting Friday at Trenary high school.
Committees have been appointed to arrange details of the excursion. Gordon Christofferson and Ruth Ylitalo of Eben and Roland Ouellette and Bonnie Kilmorgan of Trenary will arrange for the program.
Toivo Aho of Trenary and Patricia Lelvis of Eben are in charge of transportation details, and Violet Latvala of Trenary and Shirley Leppanen of Eben are handling hotel arrangements. Nancy Martin of Trenary and Marilyn Lake of Eben will make arrangements for food.

About 80 per cent of our total output of evaporated milk comes from ten states—Wisconsin, Ohio, California, Michigan, Illinois, Missouri, Kentucky, Indiana, Tennessee and Washington.

PUMPS FOR EASTER 3.29
Dress-up styles for little girls! They're well-made for long-wearing comfort . . . priced genuinely low. White or patent, with leather soles. 8 1/2-3.

Census Committee To Be Appointed To Aid Supervisor

Plans for the organization of a local census committee to assist in assuring the fullest local cooperation in a complete and accurate census here were announced today by Francis E. Schon, district supervisor for the Bureau of the Census of the United States Department of Commerce, Sault Ste. Marie census district.

Supervisor Schon stated that representatives of local business, newspapers and radio stations, municipal and school authorities, labor and women's organizations, and professional groups will be enlisted to assist in the public relations program for the census.

"The census of the United States in April is made up of thousands of smaller censuses, one in each locality," it was pointed out by Supervisor Schon. "Its results cannot be accurate and complete unless the census in each community is accurate and complete. Such accuracy and completeness will depend upon the fullest cooperation between every individual citizen and the Census enumerators who will make the rounds, from house to house, in April."

"The purpose of the local census committee will be to enlist the fullest local cooperation of all citizens in the census undertaking."

The committee will be of the greatest assistance to the district census office in explaining the scope, value, and uses made of census information so that each individual here will understand the important part he or she plays in the whole census. This committee will underscore the fact that there is an "us" in the word census.

Foster City War 2 Hero Joins Guards

IRON MOUNTAIN, Mich.—The fourth of Michigan's five World War Two congressional medal of honor winners enlisted in the National Guard when Oscar G. Johnson, jr., son of Mr. and Mrs. Oscar G. Johnson of Foster City, signed up this week as corporal in the State Headquarters Unit at Lansing.

Johnson, now employed as a construction worker in Lansing, earned the nation's highest award for valor in combat near Scarperia, Italy, in 1944 as a member of the 91st Infantry Division. Using the weapons of his dead and wounded comrades, he stood alone at the base of a German defense for two days and two nights to turn back repeated enemy attacks. Twenty-five Germans surrendered to him and 20 enemy dead were found in front of his position.

School Lunch Is Discussed

Cooks And Teachers Meet At Rapid River

RAPID RIVER, Mich.—Cooks and teachers of Delta County rural schools discussed phases of the school lunch program with state consultants at a meeting yesterday at Rapid River high school.

Approximately 150 Delta County persons connected with the lunch programs attended the institute, arranged by Hagle Quarnstrom, county superintendent of schools, and a committee of rural teachers. Educational values in the school lunch program, administrative problems, and selection and serving of foods were discussed.

Consultants were Mrs. Georgia Hood Diamant of the educational division of the state health department, Mrs. Alice Smith, director of the nutrition section of the Michigan health department, Miss Myrtle Van Horn, nutrition consultant for the state health department; George Gilbert of Marquette, of the state department of Public Instruction; Miss Phoebe Anderson of Escanaba, nursing supervisor of the Delta-Menominee health department; Miss Jane Bemis, Marquette home economist; Leo McDonald, superintendent of schools at Gwinn; Miss Helen Stenson, Escanaba grade school supervisor; Mrs. Rose Erickson, dietician at Northern Michigan college of education; Hagle Quarnstrom, county school superintendent; and Alice Lundin, Evelyn Harmala, Victoria Salma and Maurice McEckerman of Marquette.

Visiting consultants, teachers and cooks attending the sessions were served a type A meal, consisting chiefly of baked dishes with emphasis on milk, at noon at the Rapid River school. Mrs. Alice Smith prepared the menu and the food was cooked and served by the school cooks, Mrs. Lena Pearson, Mrs. Agda Ames and Mrs. Arnold Carlson. A committee of seven high school girls assisted.

Rural classes were dismissed yesterday to permit cooks and instructors to attend the meeting.

Guild Meeting
The Service Guild of Calvary Lutheran church met in the church Wednesday, March 15. Mrs. Bert Bascik was hostess.

Smear Standings
Team standing for the Rapid River Mens' Smear club is as follows: Kelly's, 529, Red Owl 517, Larson's, 494, Schram's 478, City Service 476, Swallow Inn 444, Masonville 426, Nelson's 398.

Games scheduled for this week are Red Owl vs Schram, Kelly's vs. Swallow Inn, Larson's vs. Masonville, City Service vs. Nelson's.

Personals
Mr. and Mrs. James Larson and son "Butch" of Burnham, Ill., and Raymond and Edward Homer of Lansing, Ill. left Sunday to return home after spending a few days at the Albert Larson home.

Kurt Soderburg has been admitted to St. Francis hospital for an appendectomy.

The National Geographic Society says the Scottish Highlands have been nearly depopulated for 200 years.

Have You Heard

about A&P's wonderful way of selling *fresh* fruits and vegetables?

Why should you pay full price for a head of cauliflower that's "under size" . . . or for fruits that have been bruised in shipment . . . or for any item of produce that isn't top grade quality? A&P saw no good reason . . . and now, with A&P's wonderful way of selling fresh fruits and vegetables, you are assured of full value for your money. A&P's expert produce checkers carefully check every crate and basket that comes in . . . the head of lettuce that's too small . . . the pears and apples that have been bruised . . . these and all other items that don't come up to top grade are weeded out, and

REDUCED IN PRICE AND PUT ON A&P'S SPECIAL "QUICK SALE" TABLE

While these rejected fruits and vegetables may be perfectly good, they're just not good enough for A&P's regular produce displays. This inspection and weeding out goes on constantly throughout the day, and anything which has become blemished by handling is immediately transferred to the "Quick Sale" Table and reduced in price. Don't you agree that A&P's produce policy assures you of getting fruits and vegetables at their finest and freshest . . . at prices that assure you of full value for your money? Come and see for yourself!

CONSTANT INSPECTION!

1. ONLY UNIFORM SIZES AND GRADES GO ON PRODUCE RACKS. Eagle-eyed inspectors check each produce shipment on arrival and select for A&P's produce displays only fruits and vegetables of uniform sizes and grades.

UNIFORM QUALITY!

2. ALL OTHERS REDUCED AND PUT ON "QUICK SALE" TABLE. Fruits and vegetables that vary in size and grade, but are excellent values, too, are placed on the Quick Sale Table at reduced prices.

OR-PRICES REDUCED!

3. FREQUENT CHECKING . . . NOT ONCE BUT SEVERAL TIMES EACH DAY. Several times a day, all produce on the racks is rechecked, and items not holding top condition are transferred to the "Quick Sale" Table.

Housing Issue Not Dead Yet

WASHINGTON—(P)—President Truman's middle-income housing program continued a live issue today in the Capitol in spite of its defeat in the Senate.

Backers were rooting for a House victory which might give the Senate another chance at it.

The program was chopped out of the catch-all housing bill yesterday by a Senate vote of 43 to 38.

Should the House approve the entire bill, said Senator Sparkman (D-Ala.), "we will fight it out in the Senate again. We need only change three votes—or get some Democrats on the floor—to win."

The House Banking committee has okayed \$2,000,000,000 on government credit for cooperatives and non-profit organizations to build housing for families with incomes of from \$2,400 to \$4,700 a year.

LOS ANGELES—(P)—Lora Lee Michel, 9, who ran away from her life as a \$100 a day film actress, today faces an existence virtually that of an orphan—a ward of the court.

Juvenile Judge A. A. Scott yesterday said Lora Lee "will be kept in Juvenile Hall and studied for awhile, then she will be placed in another foster home where she can have fun like any other child."

The child twice has complained to authorities she was beaten and starved in order to keep her weight down for movie roles. Tuesday, however, she reversed her story and told Judge Scott her foster parents had been "wonderful" to her.

"Because Lora Lee is a problem child, without question, we expect to have considerable difficulty in finding a home to suit her needs," the judge said yesterday. Judge Scott said that under no circumstances would Lora Lee again be permitted to work in the movies or engage in other employment that would upset normal childhood.

Navy Tender Missing Off Kwajalein Island With Bomb Test Buoys

PEARL HARBOR.—(P)—Search centered to day 400 miles north of Kwajalein Island for a missing Navy tender bearing 33 men enroute to Eniwetok Island.

The craft, the Elder, commanded by Lt. William F. Adams of San Diego, was due in Eniwetok Monday with a cargo of navigational buoys for the atomic proving grounds. She was last sighted 700 miles from Eniwetok by the transport A. W. Brewster. The tender

North Delta Home Economics Club Holds Meeting

The North Delta Home Economics club elected Eileen Kivimaki secretary-treasurer to succeed Ruth Kaukola, who has resigned, at a regular meeting held Tuesday at the George Harris home.

The lesson on pattern alterations was given by Mrs. Albert Whybrew. An extra meeting, on upholstery, will be held at the Harvey Tratt home March 21st, beginning at 10 a. m. Miss Ingrid Tervonen will instruct the special class.

The next project lesson will be seasonal salads. Elsie Hytinen and Jennie Hill will take the initial lesson in Gladstone.

The group discussed making a quilt for the Red Cross at the last meeting, and received a new member, Mrs. Erwin Harris.

The next regular meeting will be held April 11 at the John Hill home with Jennie Hill and Mrs. Edwin Peacock as hostesses. Emma Harris and Eileen Kivimaki were hostesses at the meeting this week.

Joint Crack-Down Outlined To Curb Big-Time Gambling

By JACK HAND
WASHINGTON—(P)—A rough draft of plans for a joint local, state and federal crack-down on big-time gambling began to take shape today.

Mayor Thomas D'Alessandro of Baltimore called together his newly appointed legislative committee of the attorney general's conference on law enforcement for a two-day closed session at the justice department.

The get-together is expected to outline the area of cooperation in which law enforcement officers generally might function to curb crime.

The law enforcement conference, assembled here last month by Attorney General McGrath, indicated general agreement on a joint action program. It also indicated that first action should be directed against curbing organized gambling, which FBI Director J. Edgar Hoover has described as the "nest egg" of the underworld.

Try a Classified Ad today. Call 692

was in no apparent trouble then. A spokesman for the Hawaiian sea frontier said it was possible the tender might have struck a floating mine and been sunk. The general feeling here was that her diesel motor had gone dead, silencing her radio.

Six planes from Kwajalein searched the area today for traces of the small craft. Eight planes dispatched from Oahu Island yesterday to search the Johnston Island area have been recalled. No surface craft have been assigned to the search as yet.

Briefly Told

Phone Meeting March 23—The meeting of the Delta county planning committee and representatives of Michigan Bell Telephone company will be held Thursday, March 23, not tomorrow. The meeting will be held in the House of Ludington.

Slaying Of 3 Men Near Gary Listed As Murder-Suicide

GARY, Ind.—(P)—The slaying of three men at a farm east of Gary was listed as a double murder and suicide today, but officers still were trying to fill in a number of missing details.

Two fragmentary notes, one written partly in Russian, and a statement from a farmhand were all they had to work with. The motive still was not apparent, and the identity of the killer was not determined.

The dead were Paul Shuman, about 55, owner of the farm; his nephew, Ignace Gerahenok, about 50, and a farmhand known only as Fred.

Deputy Coroner L. M. Friedrich said, "it looks like double murder and suicide." At first he had called the case a triple murder.

Dr. Friedrich said a note written partly in Russian, found near Shuman's body, said, "been going crazy for the past year."

A second note, signed "Gar," said "please don't bother Saganovich," one of Shuman's farmhands. He was held without charge for questioning.

King Leopold Ready To Abdicate Throne If Belgians Prefer

GENEVA—(P)—Leopold III, exiled king of Belgium, told his people today he will abdicate if that is the will of the Belgian parliament.

Leopold said he would do so "to spare the country the grave political disorder which opposition between public opinion and the only legitimate representative of public opinion could provoke."

On the other hand, his statement added, if parliament should decide to restore him to the throne, the principle of parliamentary majority should be respected. In other words, he should be accepted by all opponents and proponents alike, if parliament votes that way.

Two Stories Will Be Told Saturday

Two stories, "Timid Timothy" and "Polka Dot," will be told by Miss Betty M. Harris, children's librarian, at the weekly story hour at 10 a. m., Saturday in Carnegie library.

Seventy - three children were present at the story hour last Saturday. Many mothers have asked to attend story hours with their children, and all have been invited to participate.

Corning Glass Will Build New \$5,000,000 Factory At Albion

ALBION, Mich.—(P)—The Corning Glass Co. will build a new \$5,000,000 plant here. The announcement came from John L. Hanigan, manufacturing manager of the company's electrical products division. The plant will produce television tubes.

Construction will begin soon and the plant is scheduled for production by next fall. An estimated 600 men and women will be employed.

Decision to build the plant here came with the authorization by the federal power commission of the direct sale of natural gas to the plant by Panhandle Eastern Pipeline Co.

Besides the Bell system, approximately 6,000 telephone companies are operating in the United States, largely in rural areas.

Ingrid Wants Her Money Back From Ex-Husband Agent

LOS ANGELES—(P)—Ingrid Bergman wants her money back from her ex-husband.

She wants her 12-year-old daughter, too, and "reasonable" support for the child.

The actress' attorneys filed suit yesterday against Dr. Peter Lindstrom, who she divorced in Mexico Feb. 9, demanding an accounting of personal and community property and custody of their child, Pia.

Miss Bergman, 34, demanded \$154,000 (after taxes) which she said she earned in making the movie "Stromboli" for Director Roberto Rossellini on the island of Stromboli in the Mediterranean.

Last Feb. 2 she bore a son in Rome which Rossellini said was his. Her plans to be married have been delayed by legal technicalities in Sweden, Miss Bergman's birthplace.

The actress said Lindstrom, 43, Beverly Hills brain surgeon, has been holding the \$154,000 as her American agent. But, she insisted, he has no right to it because it was earned after she left him more than a year ago.

Besides the Bell system, approximately 6,000 telephone companies are operating in the United States, largely in rural areas.

Classified Ads best little but do a big job.

Father Of Twin Girls At Carbondale, Ill., Claims He Is 101

CARBONDALE, Ill., (P)—The Rev. James E. Smith, who today observed what he says is his 101st birthday, may be the oldest "new father" known to medicine.

Smith is the father of twin girls, born 16 months ago. He and his 37 year old wife also are the parents of four young sons. Smith married his present wife, Anna Lee, in 1935, when she was 22. Their oldest son is 13. The others are 12, 9 and five years old.

Records of the American Medical association in Chicago show a 94 year old man fathered a child in the 1930's.

Smith said he was born March 16, 1849, the son of a former slave, James, and Henrietta Smith, on Jamestown Island near Williamsburg, Va.

"Rented the first day" said Smith.

A LOAN Service for All Family Needs

Our Loan Service is available to help solve the many financial problems that families face at this time of year. Get cash from us to buy seasonal clothing, pay for a supply of coal, make home and car repairs, provide medical and dental care, pay scattered bills, and meet emergencies.

Trenary

Rites Are Held
TRENARY — Funeral services for Mrs. Solomon Hed Heeti, who died at her home in Kiva Thursday morning, were held at 1 p. m., Monday from the family home with the Rev. A. L. Maki of Marquette officiating.

Mrs. Heeti was born in Kaanaapaa, Finland, Jan. 12, 1874 and had lived in Kiva for 32 years. She leaves her husband, a daughter, Mrs. Tyne Lempinen of Highland, Ill., a son Frank of Kiva,

Wells

Soo Hill Extension Club
WELLS, Mich.—Interested persons met at the home of Mrs. Louis Buehler, Soo Hill, on Tuesday evening to organize a home extension club. Miss Ingrid Teronen, county home demonstration agent, was present at the meeting. She displayed articles which other members have been making in their clubs. A meeting will be held in the near future for the purpose of electing officers.

Chemical Plant Club
The Chemical Plant Extension club held its regular meeting at the school with thirteen members present. Mrs. Fred Michaud and the club leader gave the demonstration on altering a pattern. Lunch was served after the lesson. The hostesses for the evening were Mrs. Fred Michaud and the club leader.

two sisters in Finland, three grandchildren and one great grandchild.
Burial was made in the family lot in Limestone cemetery. Pallbearers were Alex Johnson, William Kangas, Leander Peterson, Aaro Moilanen, Kalle Waananen and C. Koski.

ning where Mrs. Elijah MacKnight and Mrs. Michaud. It is planned to have a lesson on lamp shades at the next meeting. One of the local members volunteered also to give a demonstration on the art of basket weaving.

Hermansville

Personals
Mr. and Mrs. Mitchell Okler and family of Niagara were callers at the Lucien Plunger home during the weekend.

The first American airplane fatality is believed to have been an army flier killed in 1908 at Fort Myer, Va.

Book Review Is
Given Here By
Mrs. D. F. LeMire

Mrs. Donald F. LeMire gave the third in a series of book reviews, sponsored by the Escanaba Catholic deaconry, at Bonifas residence last night. Mrs. LeMire chose Theodore Maynard's "Too Small a World," which tells the life story of Mother Francesca Cabrini.

"Mother Cabrini, who can truly be called a 20th century saint, lived in our times and in our midst, and represents what is best in this century," Mrs. LeMire observed.

Excerpts from her review follow:

"Born of peasant parentage in a small town in Italy, Francesca Cabrini was possessed of missionary enthusiasm from childhood. Miraculous happenings attended her very early and all through her life. Charitable institutions, such as hospitals, orphanages and schools were opened by her in Europe, in the United States and in South and Central America.

This frail little nun crossed the Atlantic ocean more than twenty times and at her death sixty-seven charitable institutions had been set in operation over all the world.

"Many good Christians are content to look after their own salvation, believing they are thus fulfilling their mission on earth. Mother Cabrini dedicated her life to helping the poor unfortunates of the world by the spiritual and corporal works of mercy.

"The world was all too small for her, she never tired of repeating. In her heart she had but one consuming passion, and that was to win all human creatures to the knowledge, love and service of their God."

Mrs. LeMire's complete knowledge of her subject and her excellent delivery held the interest of her audience as she described the many phases of Mother Cabrini's life.

The first steps toward Mother Cabrini's beatification were taken in 1928 and ten years later on July 31, 1938, she was canonized a saint by Pope Pius XI. Her feast day is December 22, the day on which she died in 1917 in Columbus hospital in Chicago.

Mrs. Tounsgant Is
Reelected To Head
St. Ann's W. C. O. F.

St. Ann's Court of the Women's Catholic Order of Foresters held its annual election of officers last night at the home of Mrs. Eugene Auger. The Rev. Fr. Clifford Nadeau is chaplain.

Mrs. Thomas Tounsgant was reelected chief ranger. Mrs. Roger Baker is vice chief ranger. Mrs. Albert Laviolette is recording secretary. Mrs. Arthur Barron financial secretary. Mrs. Joseph DeGrand treasurer.

Mrs. Sylvia Fillion, Mrs. Romeo Beauchamp and Mrs. Orvel Beauchamp are trustees. Mrs. Florida Morin and Mrs. Arthur Guzonato, conductors. Mrs. Eugene Auger and Mrs. Helena Fillion, sentinels.

Dr. Harold Groos and Dr. William LeMire are medical examiners for the organization.

Mrs. Tounsgant was named delegate and Mrs. Arthur Barron alternate to attend the W. C. O. F. state convention to be held June 12 at Houghton.

St. Ann's Court discussed plans for a dinner party to be held next month when the recently elected officers will be installed. Officers will be in charge of the arrangements.

Church Events

Salvation Army

McMillan

Entertains Children

McMILLAN, Mich.—Mrs. Gretta Snyder entertained a number of youngsters at her home Tuesday afternoon the occasion being the 10th birthday anniversary of her grandson, Gordon Snyder. Games provided diversion after which dainty refreshments were served. Gordon received many nice gifts. Those attending the party included John Skinner, Laurel Painter, Melvin Noy, Fred Weekley, Billy and Jimmy Painter, Frank Kirby, David McInnis, Keith Harkness and Lary Maddox.

Card Club

Mr. and Mrs. Norbert Mainville entertained members of the community card club Friday evening in the township hall. Three tables of 500 and three of cribbage were in play with high honors in 500 going to Mrs. John Armstrong and high in cribbage to Mr. Laurel Painter. At the close of cards refreshments were served. Those at the party were: Mr. and Mrs. Albert J. Mainville, Mr. and Mrs. Laurel Painter, Mr. and Mrs. Leroy McPherson, Mr. and Mrs. Norbert Mainville, Mr. and Mrs. Walter Richards, Mr. and Mrs. Kermit Tessier, Mrs. Perry C. Mark, Mrs. Harry Skinner, Mrs. Helma Anderson, Mrs. William Poppe, Mrs. John Armstrong, Mrs. Martin Harju, Mrs. Frank Chaney, Mrs. Frank Kirby, Mrs. Harvey Mainville, Floyd Tucker, Alvie Tucker, and Theodore Biber.

Personals

Henry Mainville and nephew Jerry Mainville have returned to Grand Rapids where they are employed following a weeks visit here at the Henry Mainville home and with Jerry's parents, Mr. and Mrs. Harvey Mainville.

Mr. and Mrs. Charles Hoig are the parents of a daughter, born Friday March 10 in the Tahquamenon General hospital at pounds and has been named Shirley Maxine.

Harry J. Skinner and Perry Mark returned home Monday evening from Milwaukee. They were accompanied to Milwaukee by Perry Hoig who entered the Wood Veterans' hospital in Wisconsin for medical treatment.

Mrs. Helma Anderson spent Wednesday in Marquette where she received medical attention in the St. Luke's hospital.

Mrs. Fred Audritsch has returned to her home here following a visit in Ann Arbor where she was called by the illness of her father.

Mrs. John Snyder and children have returned to their home in L'Anse after spending the past two weeks here as the guests of Mrs. Snyder's parents, Mr. and Mrs. Charles Kubont.

Miss Jean Macaulay, daughter of Mr. and Mrs. Archie Macaulay has arrived home following a several weeks stay in Florida.

Louis Mark who has been a patient in the Tahquamenon General hospital in Newberry has been dismissed from the hospital and returned home Saturday.

Mrs. Harry Skinner was hostess to members of the W. S. C. S. at her home Wednesday evening with president of the organization Mrs. Frank Kirby presiding. At the close of the evening lunch was served by the hostess. The next regular meeting will be held at the home of Mrs. Samuel Simmerman on Wednesday evening March 22. Members are urged to attend and visitors are welcome.

Escanaba B&PW
Observes 21st
Anniversary

Thirty members of the Escanaba Business and Professional Woman's club met at the Sherman hotel Tuesday evening to observe the 21st anniversary of the founding of the local club.

Mrs. Lillian H. Reynolds, the club's first president, paid tribute to the major projects of the women's club and to the many "little things" it has accomplished.

"Foremost in the minds of women who first became affiliated with the club were thoughts of service to the club, the community and humanity," Mrs. Reynolds noted.

"It is this unselfish spirit which has kept the Escanaba club alive through the years. This spirit of doing things for others has made it possible for the club to have harmony within the membership," Mrs. Reynolds stated.

The peace and harmony now so evident in the club will continue in the future, the speaker said, if the new generation remembers to live by the rules of the club's collect, and especially the closing line of the collect, "Let us not forget to be kind."

Immediately following the dinner, Mrs. Reynolds served a large, lighted birthday cake, decorated with the club's colors, green and white. At the close of the birthday ceremony, a social evening was enjoyed by members. Alice Kvam, Mrs. Stella James, Flora Clark and Josephine Ryan were in charge of the program.

Personal News

Mrs. Christine Beckstrom of 1310 Stephenson avenue, and Mr. and Mrs. Clarence Kasten of Pine Ridge, have returned from Chicago where they attended the funeral of John Westman, former Menominee resident.

Miss Joan Harristhal has arrived from Evanston, Ill., where she attends Northwestern University, to spend the spring vacation at the home of her parents, Mr. and Mrs. K. J. Harristhal, 303 South 17th street.

Social - Club

Bake Sale

St. Patrick
Ball Planned
At Trenary

TRENARY, Mich.—The fourth annual St. Patrick Day ball, sponsored by students, parents and the faculty of Trenary high school, will be held Friday evening, March 17, in the school auditorium.

Jack Smith's three-piece band from Marquette will furnish music for dancing, from 9 till 1. Guests will be admitted beginning at 8 p. m. Parents are donating materials for lunch and these will be offered at "Pat's bar."

A home talent skit will be presented during intermission. "The Kiva Kids," Gordon, Paul and Keith Johnson, Howard DeGarmo and William Heeti will sing "Quick Silver" and Melvin Kollmorgen, Morris Nance and Donald Kallio, "The Chalk Spots." Maxine Raab will sing "The Daring Young Man on the Flying Trapeze."

"The Four Misses," Helen Matkeal, Shirley Ann Hytinen, Dolores Hawley and Margie Hicks will sing "Chattanooga Shoe Shine Boy." "Whispering Hope" and "Rag Mopp" will be sung by the Savola Sisters, Irma, Arlene, Nancy and Lila. Vaino Kallio will sing "Dear Hearts and Gentle People" and Helen and Laurel Marini, accompanied by their father, Hugo Marini, will sing "I've Got a Lovely Bunch of Coconuts" and "April Showers."

Mrs. William Bucholtz will sing two Irish numbers. Proceeds from the dance will be used to buy black-out curtains for the gymnasium. Last year,

70 Seniors On Graduate List

'50 Exercises At GHS Last Week Of May

Seventy seniors will be graduated from Gladstone high school with the Class of 1950 at exercises to be held the last week in May provided their course of study satisfactorily, it is learned at the office of Supt. Wallace C. Cameron.

Listed alphabetically the names of the prospective graduates to be followed:

Patricia Lou Aides, Larry Dean Aicher, William Louis Beveridge, Rosalind M. Brassick, Jacqueline Ethel Bray, Rosalie Marie Brock, Lois Elaine Brown, Patricia Mae Burton, Ruth Michael Cannon, Harland Jerry Clark, Nancy Lou Cole, Joan June Constantino, Madelyn Marie DeCook, Melanie Renee DeHooghe, Henry E. DeMay, Donald J. Druding, Gayle L. DuRoy and Ruth Joyce Efron.

Harold C. Froberg, Robert L. Gagnon, Harold L. Gamache, Charles L. Gendron, Glen A. Haglund, Jean Catherine Harvey, Patricia Ann Heslop, Eugene G. Holm, Marvin F. Jandro, David F. Johnson, Gloria Catherine Johnson, Newton Melvin Johnson, Vivian Dorothy Johnson, Stanley E. Jugo, Clarence Robert King and Evelyn E. Lake.

Marian Joy Lamberg, Marilyn A. Lancerte, Larry E. LaPlant, Barbara Jean Lasnoski, Madeline L. Lessard, Joyce Arlene Lied, Roger Raymond Lucier, Dolores Ann Marmilick, Lucille Susan McGeary, Ralph James McGeary, Patricia L. McKnight, Betty Marie Miller, Elaine Jean Miller, Patricia Lou Miller, Patricia Marilyn Moreau, Catherine Laverne Nemer, Donald G. Pada and James J. Quinn.

William James Rajala, Noma Jeannine Robertson, Margaret Barbara Rose, Phyllis A. Rose, Nancy Jeanne Sabourin, Catherine Elaine Sandstrom, James L. Schram, Marilyn Joyce Seeley, Richard Louis Stader, Richard E. Swenson, Ann Virginia Sword, A. Ruth Thivierge, Elaine Janet Thorsen, Faye Marie Vandamme, Wanda Lee Vogt, Leo R. Waeghe, Mary Lou E. Ward and Joyce M. Young.

To Receive Habit On Sunday Morning

Miss Jackie Kircher, daughter of Mrs. L. W. Kircher, will receive her habit at ceremonies on Sunday morning at ten o'clock in the Chapel of the Nazareth Mother House and Novitiate of the Sisters of St. Joseph at Concordia, Kas. Miss Kircher, a graduate of Gladstone high school, class of 1949 entered the convent in the fall to prepare for the religious life.

H. J. Skogquist C-C President

New Directors Take Office Tuesday

H. J. Skogquist was elected president of the Gladstone Chamber of Commerce at the annual meeting Tuesday evening at the city hall. He succeeds H. T. Brewster to the office.

Grier Ivory was named as president and Rev. Theophil Hoffmann as vice president.

Joseph VanArman was renamed secretary-treasurer of the local civic body.

The directors approved taking a page of advertising in the 1950 Tourist Guide now being prepared for publication, but indicated a desire to make several changes in the suggested layout.

A new work program for 1950 is now being drafted and is to be submitted at the next meeting of the board.

Additional emphasis is to be placed on the member drive which is about to be renewed.

Five new directors James T. Jones, Rev. Theophil Hoffmann, Jack Ulrich, Atty. Clair Hoehn and R. A. Hale assumed their posts at this meeting.

Briefly Told

Stations of the Cross—Stations of the Cross will be said at 3 o'clock on Friday afternoon at All Saints Catholic church.

Foresters—Sacred Heart Court, 136, WCOF, will meet at 8 o'clock tonight at the Parish hall.

Annual elections of officers will be held at this time and every member is urged to attend.

Covenant Fellowship—The Covenant Fellowship is meeting at 8 o'clock tonight at the church. There will be a program followed by a parcel post sale and lunch will be served. Miss Elaine Swenson is the hostess.

Novena Service—Novena services are to be held Friday evening at 7 o'clock in All Saints' Catholic church.

Confirmation Class—The confirmation class of Bethany Lutheran church, Perkins, will meet Sunday afternoon at 3:15 o'clock for instruction.

Bake Sale—Ladies of the Reorganized Latter Day Saints church will conduct a bake sale Saturday at the Siebert Hardware. Selling will begin at 10 o'clock in the morning.

Women's Department—The Women's Department of the Reorganized Latter Day Saints church meets tonight at 8 o'clock at the home of Mrs. Wm. O'Brien on Lake Shore Drive.

City Briefs

Mrs. Henry Cole, Mrs. Don Chase and Mrs. Jack Snowauwer attended the funeral services of little Michael Barnes which were held on Tuesday afternoon in Manitowish.

Mr. and Mrs. S. R. Venne have left for St. Petersburg, Fla., where they will vacation for two weeks.

Adolph Johnson was dismissed on Saturday afternoon and is convalescing at his home.

The condition of Mrs. Adolph Johnson who has been confined to her home by illness is improved.

Mr. and Mrs. Axel Smeths of Iron Mountain, Mich., visited on Saturday at the Adolph Johnson home.

Miss Marilyn Bredahl, student at Michigan State college, East Lansing, will arrive Friday to spend the mid-semester period visiting with her mother, Mrs. J. A. Bredahl.

Miss Marilyn Bergman, student at Michigan State college, East Lansing, Mich., will arrive this weekend to spend the mid-semester term at the home of her parents, Mr. and Mrs. Harold E. Bergman.

Keth Bergman, student at the Soo branch of Houghton Tech will spend the weekend at his parental home.

Observe 38th Anniversary

Girl Scout Birthday Party Tuesday Night

An interesting history of the Girl Scouting movement in the United States and the Juliette Low World Friendship Fund was presented by Mrs. Clyde McGonagle at a birthday party marking the 38th anniversary of Girl Scouting in this nation held at the Legion hall Tuesday evening.

March 12, 1912 was actually the birthday of Girl Scouting in America for on that day Juliette Low introduced Scouting to our girls.

"She had just returned from England where she had been working with the Girl Guides. The Scouting movement originated with her friend, Lord Baden-Powell and his teaching of camp crafts and an ethical code to boys of Great Britain. Soon the sisters of Boy Scouts became interested and formed, under Lord Baden-Powell's sister, the Girl Guides."

"Juliette Low felt that this organization had something to offer the girls of America, so upon her return to her home in Savannah, Ga., she gathered together a group of her young friends and told them about Scouting. This opportunity to learn to do things and have fun while doing them appealed to these girls and has continued to appeal to the girls of our country for 38 years. We now have a registration of over a million girls."

"Our founder had an even wider vision of Girl Scouting than just establishing it in America," said the speaker. "She aspired to a world organization where the girls of other countries would work together to develop international understanding. Mrs. Low believed that friendship among young people of different nations was a very practical way of fostering friendship among nations and she strove unceasingly toward this goal."

"In 1920 an International Council was started, made up of member countries from all over the world. In 1930 our World Association of Girl Scouts and Girl Guides was formed. An international program has been developed over the last 20 years to do justice to all Juliette Low's plans and hopes."

Mrs. McGonagle told of international camps held in the past and planned for the future at which Girl Scouts from many nations gather and form lasting friendships.

The World Friendship Fund is financing a trip camp at Rhineland this coming summer for senior Girl Scouts. Juliette Low dollars also provide or make possible.

sible exchange of trainers and student visitors from other countries and even islands of the sea. The speaker told of The Chatlet, the international home of the Girl Scouts in the Swiss Alps and of the Ark, an international hostel for Girl Guides and Girl Scouts in London.

The "Schoolmates Overseas" program in which Girl Scouts are now working was praised as a fine way in which to help and meet far neighbors.

The birthday party opened with the World Friendship Fund penny march in which each Girl Scout attending put in as many pennies as there were letters in her name.

The color guard ceremony was put on by the Senior troop with Sue D'Amour as chairman. The entire group then sang the Star Spangled Banner. Mrs. McGonagle spoke, Phyllis Thivierge explained the meaning of the Girl Scout pins as two girls from each troop were "pinned" and received pins for other members of their troop.

Two movies, one on "World Friendship" the other on "Girl Scout Camping" were shown.

A large group of Girl Scouts, friends, parents, and leaders attended.

Legion Auxiliary Past Presidents To Elect Officers

Annual election of officers will be held by the Past Presidents of the American Legion Auxiliary at a meeting to be held Monday evening at 7:30 o'clock at the home of Mrs. J. P. Louis, 324 Michigan avenue. A full attendance is anticipated.

111 Cedar StreetLively Election
Deemed CertainMany Voters Added
To Poll List

Election of two councilmen, a justice of the peace and an expression of sentiment concerning street parking meters are issues up for consideration at polls in the spring municipal election in Manistique on April 4.

Interest in the battle of votes is evident in the fact that registration, which ended Tuesday, has greatly increased, there being about 2,450 qualified voters in the city at the present time.

Five candidates are seeking the two positions open for city councilmen. They are William Sellman and William Berger, incumbents seeking re-election, A. W. Heitman, Dr. James Fyvie and Louis Crosby.

Judge W. G. Stephens, present justice of the peace is seeking re-election and is opposed by Ed Gray.

The ranking meter question will be given a place on the ballot, not to decide whether the meters should be done away with, but to sound the public attitude concerning them. Should sentiment be against them, it will be up to the city council to decide whether or not they are to be retained.

Voting places will be the same as in the past general election, namely, First precinct, Linderoth Implement Company office; second precinct, Lincoln school; third precinct, justice court building; fourth precinct, Lakeside school.

Officials in charge will be:

First precinct—Lillian Curran, Gertrude Harrington, Elva L. Young, Dorothy Judd, Mrs. Clyde Dixon and Mrs. George Cook.

Second precinct—Dorina DeSautel, Alice Peterson, Willard Garvin, Mary Jane Johnson, Elsie Maitland and Lucille Archey.

Third precinct—Ian Winn, Catherine Charron, Alice M. Leveille, Eva Besner and August Olson.

Fourth precinct—E. R. Monroe, Florence Neff, Inez Coffey, Nellie Ott, George A. Huber and C. W. Bretz.

Discussions And
Movies To Stress
Wild Life Week

In preparation for the observation of National Wildlife Restoration Week, March 19-25, the science department of the Junior high school has had discussions and movies illustrating the "prudent management" of Michigan's resources including trees, birds and animal life.

Emphasis has been placed on appreciating and knowing wildlife that it cannot prosper where soil and water conditions are unfavorable and that its future welfare is bound to good conservation practices which are the wise use of our resources.

With the cooperation of Abraham Malamud, director of the audio-visual department of the public schools, Roger Norden, the Marquette educational director of the Conservation Department and George I. Butler, Director of Wildlife Conservation at Marquette Northern Michigan College of Education, this work has been made possible.

The following free films have been loaned by the Michigan Department of Conservation to Lansing and Marquette: Wild Wings; Michigan Marsh and Shore Birds; Michigan Beaver; Michigan Red Fox; Michigan Moose; Timber Harvest and Michigan's Porcupine Mountains State Park.

The films have been loaned by the Junior high to the Lincoln and Central grade schools.

Briefly Told

V. F. W. Auxiliary—A regular meeting of the Veterans of Foreign Wars Auxiliary to Post 4420 will be held Monday evening at 8 in the club rooms. Election of officers will be held. Pot luck lunch. All members are urged to attend.

Home Decorations
Theme Of Lecture
At Womens' Club

The slate of officers submitted Tuesday by the nominating committee for election at the next meeting of the Women's Club included the following: President, Mrs. Carl Anderson; Vice President, Mrs. Russell Watson; Recording Secretary, Mrs. Carl Mackel; Corresponding Secretary, Mrs. Arthur Thorpe; Treasurer, Mrs. Omer Dybevik; Directors, Mrs. W. P. Kefauver and Mrs. Leon Nicholson.

During the business meeting Mrs. R. Prine gave an interesting report of the Conservation Committee and Supt. A. F. Hall announced the University of Michigan lecture course "Major Factors of American Economy."

Three favorite music selections pleasingly presented by Carl Olson, Norman Martin, violins, and Miss Geraldine Gorsche, piano, were "In the Garden of Tomorrow," "Roses of Picardy," and "The World is Waiting for the Sunrise."

"The most important point to remember is to decorate from a theme," said Robert Brault, Interior Decorator of Prange's Store, Green Bay, in beginning his discussion of decorating the average home. "Every piece has a certain part in every home," said Mr. Brault in explaining that the carpet is part of a whole plan as is everything else.

In discussing the furniture arrangement of rooms Mr. Brault mentioned the new trends of "Modern extreme" which uses bent plywood and "Elegant modern" which uses more elaborate furniture but following a theme of simplicity. The Period and French provincial themes are still in good taste.

"Family portraits usually found on the piano are better grouped in a solid arrangement on the wall," said Mr. Brault in discussing picture placing. He also stated that pictures do not need to be of the same size to be grouped together, but a balanced effect is necessary.

"The problem piano windows are best treated with a shadow box effect accompanied by floral greens on the sill," said Mr. Brault in discussing window treatments. Two narrow windows on the same wall can be treated together with curtains and drapes, and valance over all to produce the effect of one large window.

"Lipstick red is gone out," said Mr. Brault while explaining the importance of color in the home and describing the new shades being used in decorating schemes at the present time. Permsom is fast becoming a favorite color used on walls, or as a color accent used with muted gray or brown shades. The cocoa brown walls with white cornices and woodwork also produce a pleasing effect, while other color combinations used "heather," "sandalwood," and "sweet pink." However, any color can be reproduced in the home by adding

Sign Is Warning

"Be careful about signing petitions" is a warning issued by the local post of the American Legion. Spurred on by information from national headquarters that certain petitions recently circulated in these parts were sponsored by a group strongly suspected of being a communist front, the Legionnaires, at a recent meeting voted to sound this word of caution.

The petitions referred to call for a change in the social security set-up asking that unemployment benefits be increased to \$35 per week and that these payments continue for a whole year.

Circulators of the petitions have since taken them away and state police, who have attempted to make a checkup of these papers and sponsorship have not been able to find any in the city.

Obituary

MRS. A. W. MOTT
Funeral services were conducted Thursday afternoon, March 9 at the Dean Chapel at Benton Harbor for Mrs. A. W. Mott, who died March 6. The Rev. William Hoover of the Clay Street Baptist church, South Bend, Ind., officiated. Serving as pallbearers were Edmer Suran, Harold Davis, Walter Prillwitz and William O. Prillwitz. Burial was in the family lot in Crystal Springs cemetery, Benton Harbor.

Out of town people attending the rites were Mr. and Mrs. Wilson Merrill, Detroit; Mr. and Mrs. A. T. Mott, Three Oaks; Miss Lulu Johnson, Chicago; Mr. and Mrs. Harold Davis, Mr. and Mrs. M. Wenzel, Mr. and Mrs. Christine Banik, Mr. and Mrs. Edmer Suran, Walter Suran, Mrs. John Miller, Mrs. O. McKown, Mrs. Pallen, Mrs. Jensen and Mrs. Oldfield, all of South Bend, Indiana.

jewel colorizer to a gray or white base.

In the new decorating schemes all kitchens have color and many are being wallpapered while kitchen windows use ruffled organza frames or the two tiered Dutch cottage curtain sets.

Of great interest to the women in the audience were the pieces of fabric which Mr. Brault showed to illustrate the new colors and prints in curtains, draperies, and rugs.

The table setting used by the hostess committee was a blending of the Red Cross and Interior Decorating themes. The committee consisted of Mesdames L. Bouschor, chairman, G. Barton, R. Anderson, Bud Malloy, E. J. Thompson, F. Williams, G. Stephens, and A. Heinz.

Prison Warden
At Marquette Is
Rotary Speaker

Rehabilitation and not punishment of men convicted of crime is the true aim and purpose of the Michigan prison system, Emery Jacques, warden of the Marquette penitentiary told members of the Manistique Rotary Club at their dinner meeting Monday noon.

For that reason, said Warden Jacques, the duty of the man at the head of a prison is strictly a humanitarian one and every effort is expended to return the prisoner to the outside world at the expiration of his term, a good citizen.

Crime, he said, costs four times as much as education and the need for better training in good citizenship, he said, is therefore obvious.

Warden Jacques' background of qualifications for his work include service as a superintendent of schools, supervisor of paroles, member of the state board of paroles, prison director and now, warden.

The speaker was introduced by William J. Sheahan, county prosecutor.

High School Glee
Clubs To Present
"Musical Capers"

Musical entertainment, billed under the title "Color Capers" is to be presented under the direction of Mrs. Roger Eisentrout at the high school auditorium on the evening of Tuesday March 28.

Full details of the event have not been made public as yet other than that one of the big items of entertainment will be a minstrel show, staged by the members of the

Grand Marais

Birthday Party
GRAND MARAIS—Carolyn J. Grasser, daughter of Mr. and Mrs. Albert J. Grasser, celebrated her 17th birthday anniversary at a party given at her home. The following guests enjoyed an evening of dancing, card playing and quiz games: Dolores MacDonald, Adele Mulligan, Lillian Busch, Irene Soldenski, June Tornovich, Barbara Bugg, Mary Jane Erickson, Marilyn Peterson, Theresa Peterson, George Nettleton, Douglas Kane, Mark Barney, Jack Noppen, and Carolyn's brothers and sisters, Patsy, Harriet, Albert and Donald. An attractively iced birthday cake centered the table for the party lunch. Carolyn was presented with many lovely birthday gifts.

New Arrival
GRAND MARAIS—Mr. and Mrs. Edward Senecal announce the arrival of a six pound baby girl, Patricia Lynne, born Sunday, March 5 at 10 p. m. at the Municipal hospital. Mr. Senecal made a trip to Munising Saturday to bring his wife and infant daughter home. This is the Senecals' seventh child, four girls and three boys.

Five Hundred Club
Mrs. Neil Beaver entertained the members of the Westown 500 Club at her home last Wednesday evening.

First prize for 500 was won by Mrs. Henry Rogers, and cut prize by Mrs. Walter Hampton. The booby award was won by Mrs. Jack Noppen.

Among those attending were Mesdames: Joseph Drust, Alex Niemi, George Sayen, Walter Hampton, Jack Noppen, Herman Pettipren, and Edward Erickson.

Delicious refreshments were served by the hostess.

Personals

Mr. and Mrs. Francis Martin have returned home from a two

Boys Glee club. Other musical groups will also take part, their "capers" to be announced at a later date.

Lenten Service
Tonight At First
Baptist Church

Tonight's Community Lenten Service will be held in the First Baptist church of which, the Rev. William Schobert is pastor. Starting promptly at 7:30 o'clock, the order of service will include participation by the various local pastors and special music by Mrs. R. Eisentraut, director of voice in Manistique Public Schools, and a number by the choir of the host church.

Another question in the series: "Questions of the Passion" will be discussed by the pastor of the Bethel Baptist church, the Rev. Harold Martinson. His subject will be "Friend, Wherefore Art Thou Come?"

Social

Lady Foresters
At a regular meeting of the Lady Foresters held Tuesday evening the following officers were elected: Mrs. Mae Barker, chief ranger; Mrs. Ann Wilcock, vice chief ranger; Mrs. Elsie Paquette, recording secretary; Mrs. Mercedes Tidas, financial secretary; Miss Mary Danko, treasurer; Mrs. Lillie McNamara, Mrs. Dorothy Martin and Miss Beverly Winsor, trustees; Mrs. Catherine Charron, junior director; Mrs. Elise Paquette, delegate to state convention; Rev. B. J. P. Schevers, chaplain; Dr. Merle E. Wehner and Dr. James E. Fyvie, medical examiners. Lunch was served at the close of the meeting.

Braves Win, 43 To 40; Advance To Semi-Finals

Three Peninsula Teams Move To Semi-Finals In State Basketball Derby

By JOHN F. MAYHEW
Associated Press Sports Writer

Kalamazoo Central's big Maroons were still top dog today as 16 survivors prepared to move in on Lansing for the semi-finals of the annual high school basketball tournament.

Central's balanced Class A squad, the only remaining defending titlist in the tourney, crushed a good Grand Rapids Central outfit last night 52-39 to move into the headline semi-final against Saginaw, number three club of the power Saginaw Valley.

Al Welch, Saginaw's six-foot five inch center contributed 24 points as his squad outlasted a good Lansing Eastern team, 51-47.

Grand Rapids Godwin's big gun roared again to give the Class B favorite a 46-30 win over Davison. The gun, six-foot eight

inch center Art Spoelstra, dumped in 20 points before he was pulled out at the start of the third period, when Godwin led 21-10.

Rochester and Ishpeming also won handily and St. Joseph beat off a late rally by Albion to win 48-42. Rochester trimmed Detroit Nativity 49-36 and Ishpeming, pride of the Upper Peninsula, downed Traverse City, 43-33.

Rochester faces the unbeaten Godwin outfit Friday and Ishpeming and St. Joseph tangle.

In Class C, East Grand Rapids and Detroit St. Andrew emerged as most likely to succeed to the title vacated last week by Kalamazoo St. Augustine, defending titlist.

East Grand Rapids, Grand Valley league runner-up, poured itself a 61-37 victory at the expense of a Red City team that has won 19 of 23 games this year.

Detroit St. Andrew, with its ever-present sophomore Capt. Frank Tanana tossing in 22 points, scored eight points in the last 51 seconds to break a 46-46 tie and beat a good Coloma team. Tanana made seven of the eight points, in the 54-46 win.

Saginaw SS Peter and Paul, which beat Inlay City 58-41, provides the semi-final opposition for St. Andrew and Gladstone, best "C" outfit in the Upper Peninsula, meets East Grand Rapids. Gladstone edged Boyne City, 43-40, on a last minute basket by LaPlant and free throw by Rajala.

Surprise of the Class D tourney, was the upset of Dearborn Edison Institute, 50-41 by an under-rated Bath quintet. The Bath club overcame an 18-5 first quarter deficit, guided by Glen Hyatt's

Needling just one victory to clinch the Prince of Wales trophy beyond dispute, Detroit whacked the Montreal Canadiens 4 to 1 for a home crowd of 12,978 fans, coasting to the title after bagging the first four goals of the important game.

Two sturdy defensesmen and the Red Wings high-powered No. 1 line turned it into strictly no contest.

Len (Red) Kelly plunked in two of the goals and his defense mate Jack Stewart got another in leading the attack.

But Detroit's hot-shot line of Ted Lindsay, Sid Abel and Gordy Howe took a big hand in the point-making to tighten their hold on the first three positions in the NHL's individual scoring race.

Lindsay made three assists to hoist his league-leading point total to 72 on 23 goals and 49 assists. The latter is a record total for a Detroit player, erasing Billy Taylor's old mark of 46.

Abel assisted on every one of the four Red Wings goals to run his second place point total to 67. Howe collected his 30th goal of the season to hold third place in the scoring derby with 61 points.

FIGHTS LAST NIGHT

(By The Associated Press)
New York (St. Nicholas Arena)—Johnny Saxton, 145, New York, outpointed Aldo Mendel, 148, Italy, 8.

Phoenix, Ariz.—Nap Howard, 159, Los Angeles, stopped Frank Augustian, 162, Los Angeles, 7.

inside BASEBALL TRAINING CAMPS

(By The Associated Press)
ST. PETERSBURG, Fla.—(P)—That blistered heel that temporarily sidelined Joe DiMaggio apparently has left no ill effects on the New York Yankees' great slugger. "Joey" got back into action yesterday in the game with the Philadelphia Phillies at Clearwater and, during the four innings he played, connected for two hits in three at-bats. The Yanks buried the Phils, 23-6.

SARASOTA, Fla.—(P)—Charley Schanz, the former Philadelphia Phillies hurler seeking a Boston Red Sox berth, and rookie Gordon Mueller were named by Manager Joe McCarthy today to make it two straight over the St. Louis Cardinals. The Soxers ran their grapefruit league winning streak to four games by downing the Cards 11-4, at St. Petersburg yesterday.

TUCSON, Ariz.—(P)—Cleveland's Indians, who sparked at defense last season, are having a bad case of fumble-itis in their exhibition contests. The Tribesmen have made 14 errors in six exhibitions games, including two against the Oakland Oaks yesterday—one by Milt Nielsen and one by Mickey Vernon.

FULLERTON, Calif.—(P)—The Chicago Cubs first team suffered a humiliating 5-4 defeat at the hands of its Los Angeles farm club yesterday. Biggest disappointment was rookie pitcher Gordon Van

Dyke, who wielded two walks, two singles and a triple. Outfielder Hank Sauer homered in the sixth inning, but his efforts were in vain.

PASADENA, Calif.—(P)—The St. Louis Browns riddled the Chicago White Sox pitching staff yesterday, engineering a rousing 11-2 victory. It was the third straight defeat for the Sox. Bill Wright pitched one-hit baseball for five innings for the losers, but the Browns whacked Luis Aloma and Chico Pieretti for eight runs.

LAKE LAND, Fla.—(P)—The Detroit Tigers get back into action here today in an exhibition game with the Philadelphia Phillies. They had an off-day yesterday and went through a three-hour session field bunts.

Outfielder Hoot Evers is leading the Tiger hitters with a .524 average on 10 hits in 19 times at bat in exhibition games to date.

After four games against big league opposition, Tiger batters have collected 50 hits. At the same time Detroit pitchers have allowed 46.

16 points, and rolled on after a 22-22 halftime score.

It left the scrambled Class D race even more scrambled. Bath, boasting 19 wins in 20 starts, meets Fowler, 46-38 conqueror of New Lathrop Maple Grove, Friday.

Benton Harbor St. John and Brimley, two other good "D" clubs, won the right to fight it out in the semi-finals. Benton Harbor, with only a fair regular season showing, trimmed a Pentwater squad that had won 20 of 23 games this year. The score was 42-33.

Brimley advanced by outclassing Lake Leelanau St. Mary 68-31.

Finals will be held at Jensen Field House, Michigan State college, Saturday, among the eight survivors of an original field of more than 600 schoolboy quintets.

White Male Bowling Restrictions Of ABC Slated To Be Lifted

MILWAUKEE—The Milwaukee Journal said the American Bowling Congress' rules committee will recommend removal of the "white male" membership restriction from the ABC constitution.

The Journal said the recommendation will be made at the ABC convention in Columbus, O., May 9-13.

The matter of membership eligibility, the Journal said "will be turned over to the leagues, with each league to have the power to decide whom it would accept as a member."

The ABC constitution currently restricts membership to "male Caucasians." The clause has been the object of several court cases.

Closing Rally By Gladstone Displays Class

The Gladstone Braves moved into the semi-finals of the state Class C basketball tournament last night by defeating Boyne City, 43 to 40, in an exciting, closely fought quarter-final game played at the Gaylord high school gymnasium in Gaylord, in the Lower Peninsula.

The game story follows a pattern familiar to Gladstone fans in tournament competition this season. The Braves had to come from behind in the closing minute of play to snatch the victory. Trailing 40-38, the Braves tied it up on Creten's goal, moved ahead on a goal by LaPlant and clinched the victory on Rajala's free throw in the final couple seconds of play.

Braves Show Jitters
The Boyne City team was a rangy, speedy quintet, sharp ball hawkers. At one point in the third period Boyne City jumped to an eight point lead over the Gladstone team.

Gladstone held an 11-10 lead at the end of the first quarter but the Braves bogged down in the second period and were outscored 14 to 8. The Gladstone team showed evidence of jitters in this period, missing several scoring opportunities. Their passing also was below the standard of the Braves' past performances.

Midway in the third period Boyne City stretched their lead to 30-22 before the Braves hit their stride. Gladstone whittled the lead to 30-29 by the end of the period and moved ahead early in the fourth on two free throws by Rajala. Mason tied it up for Boyne City but Creten and Rajala hit the hoop for Gladstone.

Erickson dropped in a free throw to make the score 35-32. Gladstone leading. Creten scored a free throw for the Braves and Safran countered with a field goal for Boyne City just before the official time out.

Creten scored again and Safran came back with one for Boyne City. Then McGeorge hit the hoop twice and put Boyne City ahead, 40-38 with only a minute to play. Creten tied it up with a swisher and LaPlant then sank a goal that moved the Braves ahead with only seconds to play. Rajala scored the final point of the game on a free throw just before time expired.

The box score:
GLADSTONE (43)
Rajala 12, LaPlant 11, Creten 7, Swenson 4, Schram 3, LaLonde 6.
Totals 43 15 13 12

BOYNE CITY (40)
Shaler 12, Mason 11, Creten 7, Swenson 4, Schram 3, LaLonde 3.
Totals 40 17 13 12

OFFICIALS: Rangnette, Manistique; Deickman, Traverse City.

Vets Beat Shamrocks In City Tournament

Tonight's Games
7:00—Mike's Bar vs. Harnischfeger (Class B finals).
8:30—V.F.W. vs. Gladstone Lions (Class A finals).

It finally happened! After losing five straight games to the Shamrocks this season, the local VFW came through with a convincing 42 to 37 victory over the Shamrocks in the class A semi-finals of the city independent basketball tournament. By virtue of their stunning upset, the Vets meet the Gladstone Lions tonight at 8:30 in the finals of the A division. The Lions advanced to the finals by defeating Groos Drug, 38 to 26.

In class B Harnischfeger trounced Wait Window and Mike's Bar beat the Escanaba Merchants in last night's action. This means that the fight for B honors will be between Harnischfeger and Mike's Bar tonight at 7 o'clock. These will be championship games and they will be fast and exciting because the teams involved are very evenly matched.

Gladstone has registered two wins over the Vets this season and the Vets have come out on top once.

The Vets lived up to their reputation of being a "tournament" team.

With the city class A championship at stake both teams will go all out to win.

Bark River
Blood Type Project
 BARK RIVER—The blood type list compiled by the Bark River Lions club early this year has been used five times already and 16 donors have been provided through the listing, the Lions club reports.
 To date, 150 names are on the blood type list, begun shortly before the first of the year. It is designed to provide information on blood donors in the various communities in this area.
 All persons who received blood type cards or who already know their blood type are asked to communicate with Frank Lippins, acting Lions secretary, or Henry W. Boyle, committee chairman, so that the list may be completed shortly.
 Classified Ads cost little but do a big job.

Lansing GOP Not For Profits Tax

(Continued from Page One)

ficit, and until we do, I still oppose new taxes. I also oppose taking highway funds from the general fund, because those who only drive occasionally would be bearing part of the burden for the bus and truck interests."

In contrast to the Senate, the House continued its session after the opening ceremonies.

The lower chamber hurried through to final passage bills to pay the balance of the salaries of Reps. John P. Espie, Fay E. Benjamin, Walter G. Herrick, and Floyd E. Town to their widows. The four had died since the last session. Their terms would have run through this year.

Bills In Hopper

Commemorative ceremonies, which included resolutions of sympathy and eulogies by close associates, were held.

The House received resolutions calling for a legislative study of means to prevent gas explosions, a start towards building a \$4-

000,000 state office building by borrowing the money from the State Employees' Retirement fund, and a study of reorganization of school laws.

Bills to carry out some of the governor's suggestions for new legislation flooded the hoppers of both houses. They included measures to:

Cancel the liability of state liquor stores and package liquor dealers for the sales tax on liquor purchases which went uncollected from July to December, 1949, due to a misunderstanding of a 1949 amendment.

Appropriate \$37,132,344 in school aid compared to a little more than \$22,000,000 in the current year.

Repeal the "Lien Law" which permits the state to recover aid to the aged through filing claims on their estates.

Regulate financing of automobiles.

Create a Mackinac bridge authority.

Put into effect recommendations of the Good Roads Federation for reorganization of state and local road administration and redistribution of highway money.

Stalin Challenged For Showdown On His Peace Blurbs

(Continued from Page One)

particular," Acheson said, "are some of the things which we feel that the Soviet leaders could do, which would permit the rational and peaceful development of the co-existence of their system and ours."

While he argued that agreement on this basis would not be a one-sided bargain, he added:

"I fear, however, that I must warn you not to raise your hopes. 'No one who has lived through these post war years can be sanguine about reaching agreements in which reliance can be placed and which will be observed by the Soviet leaders in good faith.'"

Acheson's address on "tensions between the United States and the Soviet Union" followed a speech yesterday at San Francisco on U. S. policy toward Asia. The secretary plans to return to the capital tomorrow.
